Summary: The Army plans to do soil borings and other exploratory work on both property owned by the Forest Preserves and property owned by Metropolitan Water Reclamation District (“MWRD”) and leased to the Forest Preserves. For property directly owned by the Forest Preserves, the Army is requiring the execution of a Right of Entry Agreement. Under such Right of Entry Agreement, the Forest Preserves is forgoing its standard fees as well as standard agreement terms such as insurance and

indemnification. However, the Forest Preserves will require MWRD to complete a Construction Access Permit with all of the Forest Preserves standard terms, excluding fees. This waiver of fees is consistent with the Memorandum of Understanding between the Forest Preserves and MWRD approved by the Forest Preserves of Cook County Board of Commissioners on May 11, 2017.
