

DINOS & DRAGONS

Presented by **meijer**

Open Through September 17

Dinosaurs have roared back to life and they've brought some of their mythical dragon friends. The summerlong Dinos & Dragons features 17 amazing lifelike animatronic creatures, including a Stegosaurus, a Tyrannosaurus rex, and a Chinese dragon. Get up-close views of live reptiles, including a Komodo dragon, seen here for the first time. Plus, test your dinosaur and dragon knowledge and enjoy interactive activities such as a mini-catapult, puppet shows, a dinosaur dissection lab, dino dig boxes, and fun photo opportunities.
