Tree Assessment

A tree assessment was conducted by Village Arborist Dave Hoffman in April 2022 for the eastern 150 feet of the subject property. **None of the surveyed trees inventoried below will be removed as part of the proposed project.**

Tree Inventory

- | | |
|---------------------|------------------|
| 1. 6" Box Elder | 8. 14" Box Elder |
| 2. 6" Box Elder | 9. 6" Box Elder |
| 3. 10" Black Cherry | 10. 6" Box Elder |
| 4. 10" Mulberry | 11. 6" Box Elder |
| 5. 10" Box Elder | 12. 30" Oak |
| 6. 6" Black Cherry | 13. 10" Elm |
| 7. 36" Oak | |

Other trees found in the area were dead, dying, broken, leaning, or Buckthorn. Tree #7 is a large Oak with a heavy lean toward the power lines along Lehigh Avenue. It has been excessively trimmed over the years by ComEd.
