

**FOREST PRESERVE DISTRICT OF COOK COUNTY  
BOARD OF COMMISSIONERS**

**Cook County Building, Board Room, 118 North Clark Street, Chicago, Illinois**

**BOARD NOTICE AND AGENDA**

**Tuesday, April 14, 2026, 10:00 AM**

**Issued On: 4/9/2026**

**CONSENT CALENDAR**

Pursuant to Forest Preserve District of Cook County Code, the Secretary to the Board of Commissioners hereby transmits Consent Calendar Resolutions for your consideration. The Consent Calendar Resolutions shall be published in the Journal of Proceedings as prepared by the Secretary of the Board.

**26-0229**

**Sponsored by:** TONI PRECKWINKLE (President), Forest Preserve District of Cook County Board of Commissioners

**PROPOSED RESOLUTION****CELEBRATING THE CAREER AND HONORING THE RETIREMENT OF THERESA ODUM**

**WHEREAS**, on February 17, 1991, Theresa Odum was sworn in as a Patrol Officer for the Chicago Police Department and over the next 26 years moved up the ranks from Patrol Officer to Sergeant; and

**WHEREAS**, in 2018, Theresa Odum worked as a State's Attorney Investigator, assigned to Cook County State's Attorney Kim Foxx's Security Detail; and

**WHEREAS**, in 2019, Theresa Odum worked as Chief of the Security Detail for Toni Preckwinkle, President of Cook County Board of Commissioners and the Forest Preserves Board of Commissioners; and

**WHEREAS**, in 2020, Theresa Odum also became Interim Chief of Police of the Forest Preserves of Cook County Department of Law Enforcement, and in 2021 was appointed to the position of Chief of Police; and

**WHEREAS**, as Chief of Police, Theresa Odum was responsible for a staff of over 120 members of all ranks for sworn and civilian employees, including President Preckwinkle's Security Detail; and

**WHEREAS**, Chief Odum led years-long effort to implement initiatives to move the department closer to becoming a Model Forest Preserves Police Agency. These initiatives included, but were not limited to, updated Forest Preserves Police policies and procedures, and mandatory training. Under Chief Odum's leadership, the department placed renewed emphasis on policy development, data-driven decision-making, transparency, and the organizational structures necessary to support best practices; and

**WHEREAS**, Chief Odum was instrumental in modernizing departmental resources and advancing community-focused initiatives. She led efforts to acquire unmanned aerial vehicles (drones), new ATVs, UTVs, bicycles, and police vehicles, significantly enhancing operational capabilities. Additionally, she initiated the implementation of a records management system (RMS) to improve efficiency and data management; and

**WHEREAS**, beyond equipment and technology, Chief Odum championed officer wellness by establishing a Peer Support Program to promote mental health awareness and coordinating debriefings following traumatic incidents. She also fostered collaboration with the Cook County Sheriff's Office to implement the Treatment Response Team (TRT), addressing mental health needs within the preserves, and supported outreach efforts such as providing care packages for unhoused individuals; and

**WHEREAS**, throughout her tenure, Chief Odum helped build a culture of trust between the Forest Preserves Police, internal employees and patrons visiting the preserves. In an annual survey conducted by Penn & Associates, visitors to the preserves are asked to rate police based on their knowledge, professionalism, and whether they are easy to approach, helpful and friendly. Customers consistently give very positive ratings to the Forest Preserves Police; and

**WHEREAS**, consistent with the Forest Preserves' mission to protect natural resources, Chief Odum supported the unique role of Forest Preserves police to safeguard nature, wildlife, habitats, and sensitive ecological areas. Her leadership supported the department's unique role as both a public-safety agency and a steward of the Forest Preserves' natural landscapes; and

**WHEREAS**, after thirty-five (35) years of honorable public service, on April 30, 2026, Theresa Odum will retire as the Chief of Police for the Forest Preserves of Cook County; and

**NOW, THEREFORE, BE IT RESOLVED**, that President Toni Preckwinkle, along with the members of the Forest Preserves of Cook County Board of Commissioners, and on behalf of all citizens of Cook County, do hereby thank Theresa Odum on a long career of public service and thank her for her many contributions to the Forest Preserves of Cook County; and

**BE IT FURTHER RESOLVED**, that a suitable copy of this resolution be tendered to Theresa Odum in recognition of her career, contributions to the Forest Preserves of Cook County and her commitment to public service.

#### **PUBLIC TESTIMONY**

Authorization as a public speaker shall only be granted to those individuals who have registered, with the Secretary, to speak 24 hours in advance of the meeting. To register as a public speaker, go to the meeting details page for this meeting at <https://fpdcc.legistar.com/Calendar.aspx> to find a registration link. Duly authorized public speakers may speak live from the County Board Room at 118 N. Clark Street, 5th Floor, Chicago, Illinois or be sent a link to virtually attend the meeting and will be called upon to deliver testimony at a time specified in the meeting agenda. Authorized public speakers who are not present during the specified time for public testimony will forfeit their allotted time to speak at the meeting. Public testimony must not exceed three minutes; the Secretary will keep track of the time and advise when the time for public testimony has expired. After each virtual speaker has completed their statement, they will be removed from the meeting. Once removed, you will still be able to follow the proceedings for that day at: <https://www.cookcountyil.gov/service/watch-live-board-proceedings>, or in a viewing area at 69 W. Washington Street, 22nd Floor, Conference Room C, Chicago, Illinois. Persons

authorized to provide public testimony are encouraged to speak to an item that is germane to the meeting and shall not use vulgar, abusive, discriminatory, profane, or otherwise inappropriate language when addressing the Board; failure to act appropriately, or failure to adhere to the time requirements may result in expulsion from the meeting and/or disqualify the person from providing future testimony. Written comments will not be read aloud at the meeting, but will be posted on the meeting page and made a part of the meeting record.

**REPORT**

**Department:** Office of the General Superintendent

**Request:** Receive and File

**Report Title:** Conservation and Policy Council Monthly Report

**Summary:** Created in 2014, the Conservation and Policy Council advises the President, Board and the General Superintendent about conservation policies and practices, including the implementation of the Next Century Conservation Plan's vision of vibrant, ecologically healthy and welcoming forest preserves system.

Each month, a member of the Conservation and Policy Council will provide a verbal report detailing the work that the Conservation and Policy Council is doing as well as their recommendations to the Board regarding policies, practices, and other strategic initiatives of the Forest Preserves.

**COMMISSIONERS**

**26-0197**

**Sponsored by:** JOSINA MORITA, Forest Preserve District of Cook County Board of Commissioners

**PROPOSED INTERGOVERNMENTAL AGREEMENT**

**Department:** Department of Landscape Maintenance

**Other Part(ies):** City of Evanston, Illinois

**Request:** Authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to enter into an Intergovernmental Agreement (“IGA”) with the City of Evanston.

**Goods or Services:** Refuse collection services at Perkins Woods by the City of Evanston’s Public Works Department.

**Agreement Number(s):** N/A

**Agreement Period:** Five (5) years from the date of execution with an option to extend at the discretion of the General Superintendent for one (1) additional five-year renewal term.

**Fiscal Impact:** FY 2026 \$4,073.68, FY 2027 \$4,236.63, FY 2028 \$4,406.10, FY 2029 \$4,582.34, FY 2030 \$4,765.63. Optional years - FY 2031 \$4,956.25, FY 2032 \$5,154.50, FY 2033 \$5,360.68, FY 2034 \$5,575.11, FY 2035 5,798.11

**Accounts:** Refuse and Disposal 51001.520050

**District(s):** 13

**Summary:** Under this proposed IGA, the City of Evanston’s Public Works Department would provide refuse collection services at Perkins Woods in exchange for a small annual fee to be paid by the Forest Preserves. The Forest Preserves would remain responsible for the purchase, installation, and supervision of the waste receptacles, which would be similar to those receptacles used throughout Evanston. However, eliminating Perkins Woods from the waste collection route for North Branch Landscape Maintenance staff would substantially reduce the amount of travel time and labor for two (2) to three (3) employees per month, saving the district money and reducing fuel emissions.

The cumulative contract value is \$22,064.36 for the initial five-year term, and \$48,909.04 over ten (10) years, if the Forest Preserves exercises the optional five-year renewal. The Chief Financial Officer has approved this item. The final IGA is subject to legal review and approval.

**EASEMENT REQUEST**

**Request:** Requesting authorization for the Forest Preserves of Cook County (the "Forest Preserves") to grant two small permanent easements to the Illinois Department of Transportation ("IDOT") at Whistler Woods in Riverdale, Illinois totaling 0.26 acres (11,326 square feet) for storm sewer improvements. Staff recommends that the easements be donated without easement fees because the storm sewer improvements will benefit the Forest Preserves by reducing flooding of the Forest Preserves' property and nearby streets. Construction is expected to require removal of four (4) trees; however, additional trees may need to be removed than originally estimated. IDOT has agreed to pay tree mitigation fees. Any increase in the tree mitigation fee will be in accordance with the Tree Mitigation Plan (see Board Item No. 20-0279), and if such increase is more than 20% of the original estimate, then approval will be sought from the Forest Preserves of Cook County Board of Commissioners.

**Reason:** IDOT is proposing to replace existing storm sewer pipes located on the east side of IL 1 (Halsted Street) at the Little Calumet River to address chronic flooding on the west side of IL 1 at an access drive for the Forest Preserves' Joe Louis Golf Course. The proposed improvements require 0.26 acres (11,326 square feet) of permanent easement area at the Whistler Woods forest preserve and include replacement and ongoing maintenance of the storm sewer system originally installed in 1980 under License #1179. To expedite an initial phase of drainage improvements within the road right-of-way, Forest Preserves staff agreed to support the donation of the two permanent easements to replace License #1179, subject to future approval by the Forest Preserves Board of Commissioners. The initial phase of right-of-way work was completed in 2025, and IDOT now seeks donation of permanent easements for the

next phase of improvements, which will replace the existing storm sewer system outside the right-of-way.

The area for the permanent easements is 0.26 acres (11,326 square feet). IDOT indicates that four (4) trees are expected to be removed for this project.

**Easement Fee:** \$0.00 (appraised value of donated easements is approximately \$1,000.00.)

**Tree Mitigation Fee:** \$21,990.66

**Concurrence(s):** The Chief Financial Officer has approved this item. Final easement is subject to legal review and approval.

**District(s):** 5

#### **EASEMENT REQUEST**

**Request:** Requesting authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to grant a permanent easement to the Illinois Department of Transportation (IDOT) at Willow Road and Hibbard Road in Winnetka, Illinois of 0.073 acres (3,172 square feet) for road improvements. Construction is expected to require removal of only one (1) smaller tree. IDOT has agreed to pay easement fees. Staff recommends that the tree mitigation fee be waived due to minimal tree impact.

**Reason:** IDOT is seeking a small permanent easement for a road improvement project at the intersection of Willow Road and Hibbard Road. An existing sidewalk on the south side of Willow Road has been located on Forest Preserve land for many years and will be reconstructed as part of this project. There are no records of license or easement allowing the existing sidewalk, traffic light or mechanical box to be located on Forest Preserve land. IDOT, in coordination with the Village of Winnetka, is seeking to formalize the right to locate such improvements on Forest Preserves’ land through the grant of a permanent easement. The planned improvements include a new right-turn lane for southbound Hibbard Road, updated traffic signals, and ADA-compliant sidewalk ramp upgrades. The area for the proposed easement is already impacted by the existing sidewalk and traffic signal equipment. The Department of Resource Management has reviewed and has no concerns.

The area for the permanent easement is 0.073 acres (3,172 square feet). Although staff initially believed that two trees might be impacted, IDOT clarified that only one small tree is expected to be removed for this project.

**Easement Fee:** \$113,000.00

**Tree Mitigation Fee:** \$1,064.30 (waived). Smaller existing trees at the corner of the intersection that may need to be removed would be within the road right-of-way following transfer of the easement.

**Concurrence(s):** The Chief Financial Officer has approved this item. Final easement is subject to legal review and approval.

**PROPOSED PARTNERSHIP AGREEMENT AMENDMENT**

**Request:** Requesting authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to amend its Partnership Agreement with the Chicago Horticultural Society, Glencoe, Illinois.

**Reason:** The Forest Preserves seeks to increase the spending authority under its Partnership Agreement with the Chicago Horticultural Society, which operates the Chicago Botanic Garden (the “Garden”), in order to staff native plant Nursery Manager and Nursery Technician positions through the Garden for an additional year. These positions were recruited, hired, and trained by the Garden to assist with the launch of the Forest Preserves’ in-house seed amplification program through the development of seed beds, greenhouse infrastructure, and protocol for seed collection and propagation. These positions were originally funded for an initial two-year period beginning in mid-2024. The Forest Preserves now requests an additional year of financial support (not to exceed \$191,360) to ensure continuity in nursery operations during peak growing season while permanent Forest Preserves staff are hired and trained.

Cultivating native seeds and plants from local populations is critical to the resilience of ecological restoration efforts throughout the preserves by ensuring that native plants are genetically adapted to our local habitats. With the support of these positions, native seed production among the Forest Preserves’ central nursery and a network of raised seed beds and wild seed gardens has quadrupled, and over one hundred (100) species are presently in cultivation. To date, over 33,000 plant plugs have been installed in Forest Preserve restoration sites. The Garden is a recognized global leader at the forefront of research on floristic genetics and species diversity for landscape restoration efforts throughout the upper Midwest.

The original Partnership Agreement (Board Item 24-0132), allocated funding to support the Nursery Manager and Technician positions as well as the Garden’s Stewardship and Ecology of Natural Areas (“SENA”) internship program. The total costs of the Partnership Agreement, including funding under this proposed amendment, are not to exceed \$624,160.00.

**Contract Period:** 3/21/2024 - 12/31/2027

**Total Current Contract Amount Authority:** Not to exceed \$432,800.00 (\$332,800.00 for the seed

amplification program and \$100,000.00 for SENA internship program).

**This Increase Requested:** Not to exceed \$191,360.00.

**Fiscal Impact:** FY 2026 \$203,880.00, FY 2027 \$120,680.00 (totals include unexpended SENA internship program costs, other previously approved but unspent costs, and the requested additional funding).

**Account(s):** Professional Services 51030.520840; Grant and Mitigation 51010.521314 and 51010.521444; and all future Professional Services accounts.

**PROPOSED GRANT AWARD**

**Department:** Department of Planning and Development

**Grantee:** Forest Preserves of Cook County (the “Forest Preserves”)

**Grantor:** Cook County Department of Transportation and Highways (“CCDOTH”)

**Request:** Authorization to accept grant

**Purpose:** Authorization is sought for the Forest Preserves to accept and enter into an agreement with CCDOTH for Invest in Cook grant funding for Phase II Design Engineering for the South Connections of the Des Plaines / Salt Creek Trail that runs through Lyons, Brookfield, Riverside, and North Riverside, Illinois in Cook County.

**Grant Amount:** \$217,900.00

**Grant Period:** 4/14/2026 - 11/30/2029

**Fiscal Impact:** \$217,900 required match (2026)

**Accounts:** Professional Services 51009.520830, 51010.520830, 51033.520830, 51034.520830, 51036.520830, 51037.520830 and future Construction and Development accounts

**Concurrences:** The Chief Financial Officer has approved this item. Final grant agreement subject to legal review and approval

**District(s):** 16

**Summary:** The Forest Preserves has been awarded an Invest in Cook grant from CCDOTH that will support the development of phase II design engineering that will address gaps in the Des Plaines/Salt Creek Trail system. These gaps include: (1) a 0.85-mile segment between Parkview Road and Ogden Avenue, and (2) a 0.59-mile segment between Millbridge Road and Ogden Avenue. (See map exhibit). Addressing these gaps will improve user safety and enjoyment, enhance alternative transportation experiences, ensure that trail users can experience natural surroundings, and strengthen connections with the Village of Brookfield, Lyons, Riverside, and North Riverside.

Piggyback contract based on Cooperative Procurement Agreement with no MWBE goals.

**District(s):** Districtwide

**Summary:** The Forest Preserves seeks authority to purchase mowers, power equipment, parts, and supplies from Arlington Power, based on Omnia Partners Contract #20469 with Exmark Manufacturing Company, Inc. The Landscape Maintenance Department would like to purchase four (4) Exmark 144-inch-wide zero-turn mowers, power equipment, and parts in 2026, with the ability to purchase more in 2027 as the budget allows. These highly maneuverable, wide-area mowers will significantly increase operational efficiency by allowing staff to maintain large open grassy areas across the Forest Preserves in substantially less time. Arlington Power Equipment, Inc., a local authorized Exmark dealer, supplies tractors, mowers, outdoor equipment, parts, and supplies.

**Concurrences:** The Chief Financial Officer has approved this item. Final amendment is subject to legal review and approval.

The contract-specific Minority- and Women-Owned Business Enterprise goal for this contract was set to zero.

**District(s):** Districtwide

**Summary:** On December 13, 2022, the Forest Preserves Board of Commissioners approved the award of contracts for Conservation Corps service providers (Board Item Nos. 22-0524, 22-0525, and 22-0526) to provide job training and employment programs using grant funding received through the American Rescue Plan Act of 2021 (“ARPA”). The contracts were subsequently amended in 2024 per Board Item No. 24-0472 to extend each contract and increase the authority awarded to each vendor due to the allocation of additional ARPA funds. These programs were solicited via a public Request for Proposal (RFP) process in 2022.

The Forest Preserves Experience program is a summer youth employment program that provides conservation and job skills training to high-school youth, ages fifteen (15) to nineteen (19), from south and west suburban Cook County whose families are clients of the Housing Authority of Cook County. In 2026, the program is expected to engage approximately ninety-six (96) youth participants in hands-on conservation activities, such as invasive species removal, shoreline clean-up along the Forest Preserves’ many lakes and waterways, and other stewardship projects throughout the Forest Preserves. Participants will gain environmental awareness and basic job skills training supplemented by hands-on nature-based enrichment activities. The program promotes enjoyment and appreciation for nature and teaches participants how healthy forest preserves contribute to their community and quality of life.

Total program costs, including this additional allocation of ARPA funds, are not to exceed \$1,535,894.00, of which the Forest Preserves previously requested and was granted authority to add up to \$50,000.00 of direct match to allow for additional flexibility, if needed. The Forest Preserves has a separate non-ARPA

funded agreement for the same program (Board Item No. 23-0603). Conservation Corps programs advance the goals of the Next Century Conservation Plan by mobilizing people to heal and nurture the lands through a paid conservation corps model.
