PROPOSED ORDINANCE**TO CREATE A FOREST PRESERVE NEAR THE SPRING CREEK PRESERVE**

AN ORDINANCE CREATING A FOREST PRESERVE in part of Section 17, Township 42 North, Range 9, East of the Third Principal Meridian, all in Cook County, Illinois adjacent to the Spring Lake Preserve near Algonquin Road and Old Sutton Road in District 14.

WHEREAS, the Board of Commissioners of the Forest Preserve District of Cook County, Illinois (the "District"), pursuant to the statutes in such case made and provided, has from time to time acquired by purchase, condemnation, gift, grant, devise, or otherwise, lands necessary and desirable for District purposes containing one or more natural forests or parts thereof, or lands connecting such forests or parts thereof, or lands capable of being reforested for the purpose of protecting and preserving the flora, fauna, and scenic beauties within the Forest Preserve District of Cook County, Illinois, and to restore, restock, protect, and preserve the natural forests and said lands together with their flora and fauna, as nearly as may be, in their natural state and condition, for the purpose of the education, pleasure, and recreation of the public; and

WHEREAS, the said Board of Commissioners of the District also has acquired in like manner lands for the consolidation of such preserves into unit areas of a size and form convenient and desirable for public use and economical maintenance and improvement, and lands for the purpose of connecting such preserves with forested ways or links in order to increase their accessibility, use, and enjoyment, and lands for improvement by forestation, roads, and pathways, and lands for the purpose of constructing, maintaining, and operating recreational facilities; and

WHEREAS, the Board of Commissioners of the District has in a like manner acquired lands along water courses or elsewhere which, in their judgment, were required to control drainage and water conditions and necessary for the preservation of forested areas required or to be acquired as preserves and lands for the purpose of extension of roads and forested ways around and by such preserves and for parking space for automobiles and other facilities not requiring forested areas but incidental to the use and protection thereof; and

BE IT ORDAINED by the Board of Commissioners of the District as follows:

Section 1. That a unified Forest Preserve be and the same is hereby created within the District which shall contain and connect lands now owned and lands to be acquired in substantial accordance with the plat now on file in the office of the General Superintendent of the District, which by reference is hereby made part thereof, and for the purposes of said Forest Preserve and for the carrying out of the statutory purposes more particularly set out in the preamble of this ordinance, it is necessary and desirable for the District to own and it shall acquire property hereinafter described in Section 2 of this ordinance, for the purpose of creating a Forest Preserve and for District uses.

Section 2. That the lands referred to in Section 1 of this ordinance are more particularly described as follows:

Fiscal Impact: \$2,157,500.00**Accounts:** 25-6800 Land Acquisition; 06-6800 Land Acquisition

Summary: The Forest Preserve District (the "District") has identified a parcel of land for acquisition that would add to the District's current holdings near the Spring Lake Preserve (the "Property"). The Property, commonly known as 165 Algonquin Road, Barrington Hills, Illinois, 60010, consists of approximately 24 ± acres. The Property would provide a greenway connection from the District's Spring Lake Preserve, one of the District's finest natural area properties, to the recently acquired 400 acre Horizon Farms property.

Through negotiations, the Owners of Record (the "Seller") have agreed to sell the Property to the District for the sum of TWO MILLION ONE HUNDRED FIFTY SEVEN THOUSAND FIVE HUNDRED DOLLARS AND 00/100 (\$2,157,500.00) (the "Purchase Price"). The Purchase Price is based upon two appraisals obtained by the District and is subject to the District's satisfactory completion of its due diligence.

Permission is now sought, upon satisfactory completion of all due diligence and negotiation of any and all required documentation as determined by the District’s legal department, to remit a check in the amount of the Purchase Price to the Seller as full compensation for the acquisition of the Property.

PROPOSED LICENSE REQUEST

Request: Requesting authorization for the Forest Preserve District of Cook County (“the Preserves”), as Licensor to grant a License to the Village of Oak Lawn and other Municipal Customers of the Oak Lawn Regional Water System, Grantee, to locate, operate and maintain a water transmission main in the Tinley Creek Preserves. Permission is now sought, upon satisfactory completion of all due diligence and negotiation of any and all relevant provisions as determined by the Preserves’ legal department, to enter into and execute the License. The request is for approximately 20,060 linear feet of new water main ranging in size from 24-inch diameter to 60-inch diameter to serve 12 southwest suburban communities. The communities are currently served by a single 40 year old 48-inch transmission main. The addition of a new 60-inch water transmission line will provide a looped system to increase capacity and provide redundancy in the event of a failure.

Impacts: The new pipeline will extend through the forest preserves for approximately 3.8 miles and require a license area of almost 7 acres, but will be routed primarily within an existing disturbed corridor occupied by a ComEd transmission line. Approximately 1.5 miles of paved trail will be directly impacted by construction.

Fees and Benefits: In addition to the license fee, the Grantee will pay an impact fee for temporary construction use of 35.6 acres, based on a daily proration of the license fee. Also, the Grantee will rebuild the impacted trail and approximately 2 miles of adjacent trail in order to avoid patchwork trail segments. The Grantee will also provide funding to reimburse the Forest Preserves for the ecologic restoration of 500 acres in the Tinley Creek Preserves. Finally, the Grantee will also provide funding for a construction management service to monitor construction for the FPCC. The current estimate of all fee associated with the issuance of this License is **\$3,944,795** as indicated below. However, due to the unique size and scope of this project these numbers may change based upon the length, size and duration of the work being conducted by the Grantee.

Impact and License Fees:	\$ 557,295.00
Ecologic Restoration Fees:	\$ 2,500,000.00
Construction Management Fees:	\$ 200,000.00
Estimated Value of Trail Repairs	\$ 687,500.00

Term: Continuous

License Fee: \$3,944,795.00, estimated total fees and other in-kind contribution for trail repairs, subject to change, includes fees for License/Impact, YELAR, Management, Land Restoration, and Trail Repair/Repaving.)

License Application Fee: \$500.00 (prev. paid)

YELAR Fee: \$3,400.00

Total one-time upfront fee of an amount to be determined will be for the term of the License (Sec. 5-2A-4 and 5-2B-4)

Tree Mitigation Fee: To be determined

The area of the License is: 6.882 Acres

Concurrence(s):

The Chief Financial Officer and Chief Attorney have approved this item.

Grantee has met the insurance requirements under the License Agreement.

The Forest Preserves staff has reviewed this license application and plans and has found them to be acceptable; therefore, it is recommended that the Forest Preserve District Board of Commissioners approve the issuance of this license.

PROPOSED MISCELLANEOUS ITEM OF BUSINESS

Department: Permits, Concessions and Volunteer Services

Summary: The Forest Preserves has been awarded an AmeriCorps National Civilian Community Corps Crew (NCCC) that will conduct an Environmental Stewardship and Conservation project in the forest preserves from 4/30/2015 - 6/11/2015, providing more than 1900 hours of volunteer time - a value of more than \$43,000.00. AmeriCorps NCCC is a part of AmeriCorps, a network of national and community service programs that engage 75,000 Americans each year in meaningful service work that benefits a broad array of communities. The NCCC crew will focus on activities that improve the ecological health of the forest preserves and support programs that inspire people to form a lasting connection with nature. Forest Preserve staff will provide training and education opportunities to the crew and the Forest Preserve Foundation has made a financial contribution that supports the hosting of the crew members. NCCC crew members come from around the country and include Olivia Redler, Stefany Stanbury, Andrea Young, Patrick Valdez, Carlie Beatrice, NaTerra Tansel, Lionel (Tre) Ruckstuhl and Samuel Cobb. This project will provide a tremendous benefit to Cook County's people and nature.

PROPOSED MISCELLANEOUS ITEM OF BUSINESS

HARMS FLATWOODS FOR ILLINOIS NATURE PRESERVE (“INP”) DEDICATION

Department: Resource Management

Summary: Requesting authority, pursuant to Section 9 of the Cook County Forest Preserve District Act (70 ILCS810/9), to submit Harms Flatwoods for Illinois Nature Preserve (“INP”) dedication.

This dedication contributes to one of the key goals set forward in the Next Century Conservation Plan to dedicate 20,000 acres by 2025 as INPs. Dedication of a site as an INP provides the highest level of protection for land in Illinois, and is granted only to natural areas of exceptional ecological quality.

Harms Flatwoods is an approximately 107 acre preserve located in the Village of Skokie in northeast Cook County. The site consists of high quality remnant flatwoods and mowed Eurasian meadow. Because of its relatively flat topography and poorly draining clay soil, the site frequently retains water on the surface and is considered a northern flatwoods. Formal ecological management of the site began in the late 1970’s, and was conducted primarily by volunteer stewards under the guidance of scientists and Forest Preserves of Cook County (“FPCC”) staff. Currently the site exhibits an excellent climax canopy community made up mostly of white oak, swamp white oak, bur oak, and red oak. The understory and ground layer vegetation contain many conservative species including some listed species.

The FPCC currently has 22 dedicated nature preserves. The addition of Harms Flatwoods would bring the FPCC's total INP protected lands to approximately 6,514 acres.

It is respectfully requested that authority be granted to the FPCC to submit Harms Flatwoods to the INP Commission for review and formal dedication as an Illinois Nature Preserve.

PROPOSED AGREEMENT

Vendor: Union Pacific Railroad, Omaha, Nebraska

Request: Requesting authorization for the Forest Preserve District of Cook County (“the Preserves”) to enter into an agreement.

Reason: Requesting authorization for the Forest Preserve District of Cook County (the “Preserves”) to enter into and execute a “Public Highway At-Grade Crossing Agreement - Multi-Use Path Construction & Maintenance” (the “Agreement”) with the Union Pacific Railroad (“UP”), for construction of a new multi-use path on the south side of the existing Lake-Cook Road at-grade public road crossing (the “Path”). As part of the Agreement, UP is granting the Preserves an easement to construct the Path over a portion of UP’s property and trackage. The Preserves has received approval for the project from the Illinois Commerce Commission. At the Preserves’ expense, UP shall install pedestrian gates and additional crossing panels to widen the crossing area to accommodate the Path.

The proposed Agreement includes an easement fee of \$25,000.00 and estimated construction costs of \$315,578.00 for signal installation and trail surface that will be performed by contractors hired by “UP” for total costs of \$340,578.00 80% of the total costs for this project are anticipated to be covered through a grant from the Congestion Mitigation Air Quality Program “CMAQ” which is administered by the Illinois Department of Transportation “IDOT”. The remaining 20% of the total costs for this project will be paid by the Preserves, with \$63,000.00 anticipated to be reimbursed to the Preserves from the Chicago Horticultural Society. In addition to the costs described above, the proposed agreement includes provisions that could result in additional future costs to the Preserves that are unknown at this time. The Preserves will be responsible for future maintenance costs associated with any damage or vandalism to the pedestrian gates. The proposed agreement also requires the Preserves to indemnify the railroad for certain liabilities.

PROPOSED RECONSIDERATION OF PREVIOUSLY APPROVED ITEM

Department: Planning & Development

Request: Approval of permanent and temporary easement areas as revised.

Item Number: Approved on the 7/16/2013 Board Agenda as item 6; Approved on the 7/16/2013 Real Estate Committee Report as item 13REAL0001

Fiscal Impact: IDOT will pay the appraised value of \$12,300.00 for the permanent easements and \$11,700.00 for the temporary easements.

Account(s): N/A

Summary: Based on preliminary plans, the Illinois Department of Transportation (IDOT) requested 0.25 acres of Permanent Easement and 0.14 acres of Temporary Easement for removal, replacement and maintenance of an existing culvert and outfall of the Middle Fork North Branch Chicago River through the intersection of Dundee road and Lee Road in Northbrook. Due to subsequent final engineering plans, IDOT requests that the previously approved easement be amended to 0.335 acres for the Permanent Easement and 0.25 acres for the Temporary Easement. The additional easement area eliminates the use of unsightly gabions and will result in a more natural slope. The Forest Preserves staff has reviewed this request and plans and has found them to be acceptable; therefore, it is recommended that the Forest Preserve District Board of Commissioners approve the easement areas as amended.

7/16/2013 Real Estate Committee Report

13REAL0001

ARNOLD L. RANDALL, General Superintendent, requesting authorization for the Forest Preserve District of Cook County (the "District") to grant permanent and temporary easements to the Illinois Department of Transportation (IDOT) for removal, replacement and maintenance of an existing culvert and outfall of the Middle Fork North Branch Chicago River through the intersection of Dundee Road (IL 68) and Lee Road in Northbrook. The area for the permanent easements is 0.25335 acres. The area for the temporary easement is 0.1425 acres. IDOT indicates that 67 live and 10 dead trees will be removed on Forest Preserve property for the project.

Reason: The existing storm water culvert at this major intersection is badly deteriorated and needs replacement. The northernmost end of the existing culvert already extends onto Forest Preserve property but there are no records of an existing easement. The new culvert will eliminate the middle wall of the existing structure where debris accumulates and impedes the flow. IDOT will be responsible for future maintenance and debris removal at the structure.

Estimated Fiscal Impact: Revenue of \$231,627.03 to District for Tree Mitigation Fee. Easement Fee: To be determined by appraised value. IDOT has agreed to pay fair market value for the easements

The Chief Financial Officer and Chief Attorney have approved this item.

EASEMENT REQUEST

Request: Requesting authorization for the Forest Preserve District of Cook County (“the Preserves”) to grant a permanent easement to the Cook County Department of Transportation and Highways (CDOTH) at Bemis Woods for 4.634 acres or 201,858 square feet.

Reason: On 8/24/1928 the Cook County Board directed the Superintendent of Highways to prepare plans for the improvement and relocation of Wolf Road north of Ogden Avenue. Plans were prepared, approved by the Cook County Board and by State Highways, and in 1929 construction began, however there is no record of an easement grant for the road at its relocation. CDOTH is requesting the easement grant to rectify the situation and formally recognize the easement for public road at its current location.

The easement area is currently improved with a two to five lane roadway with median. The easement will also allow for construction of a bike path connection proposed by the Village of Western Springs.

The area for the permanent easement is 4.634 acres. CDOTH indicates that no trees are expected to be removed for this project.

Easement Fee: N/A

Tree Mitigation Fee: None

PROPOSED CONTRACT AMENDMENT

Department(s): Planning & Development

Vendor: AGAE Contractors, Inc., Chicago, Illinois

Request: Authorization for the Forest Preserve District of Cook County to increase and extend a previously executed construction contract

Good(s) or Service(s): Life safety and ADA improvements at Thorn Creek Division Headquarters, Tinley Creek Maintenance Headquarters, Tinley Creek Canine Center and a new roof at River Oaks Golf Course Clubhouse

Original Contract Period: Original contract period nine (9) months from Notice to Proceed (6/20/2014 - 3/17/2015) Administrative extension of 2 months (3/18/2015 - 5/16/2015)

Proposed Contract Period Extension: 5/17/2015 - 8/1/2015

Total Current Contract Amount Authority: \$669,915.50

Original Approval: 3/11/2014, \$669,915.50

Previous Increase(s): N/A

This Increase Requested: \$68,991.55

Estimated Fiscal Impact: \$68,991.55

Accounts: Building Accounts: 25-6710, 26-6710, 51-6710, 52-6710, 54-6710 & 55-6710

Contract Number(s): 13-80-01 G4R1

Concurrences:

The Chief Financial Officer and Chief Attorney have approved this item.

The Vendor has met the Minority and Women Business Enterprise Ordinance Provisions.

Summary: The proposed contract increase is due to a number of items that require additional work necessary to complete the project. Reasons for the increase include permit code related changes required by County and local jurisdictions (i.e. revising underground & piping, interior electrical, plumbing and fire alarm equipment), and user improvements (i.e. additional ADA site improvements, additional gutters requested, upgrades to existing break room).

The Preserves is currently seeking approval of a \$68,991.55 addition to increase the total contract amount to \$738,907.05

PROPOSED MISCELLANEOUS ITEM OF BUSINESS**REIMBURSEMENT OF BILLY CASPER GOLF, INC. FOR EXPENSES ASSOCIATED WITH THE REMOVAL OF HAZARDOUS TREES**

Department: Resource Management

Summary: Request authority for the Forest Preserve District of Cook County (“FPCC”) to reimburse Billy Casper Golf, Inc., Vienna, Virginia (“Billy Casper”) for expenses associated with the removal of hazardous trees throughout the FPCC’s golf holdings and driving ranges to prevent injury to persons and property. The cost of removing such trees is expected to exceed the costs of capital expenditures covered by Billy Casper on an annual basis pursuant to the terms of its existing agreement, which initially was entered into on 8/1/2002 and extended on 9/30/2008 until 12/31/2022, to manage the FPCC’s golf courses and driving ranges.

Billy Casper has agreed to ensure that the expenditures made with respect to urgent tree removal will be bid and awarded on a competitive basis and will include minority and women-owned business participation at the same levels required for tree removal contracts awarded by the FPCC.

Estimated Fiscal Impact: Up to \$500,000.00 in 2015 plus \$750,000.00 in 2016.

Other Part(ies): State of Illinois/Department of Natural Resources, Illinois Nature Preserves Commission, and the Village of Elk Grove Village, Illinois

Request: Approval

Goods or Services: Authorization to enter into an Intergovernmental Agreement to address flooding concerns in and around Busse Woods Reservoir.

Agreement Number(s): N/A

Agreement Period: Twenty-five (25) years with automatic one year renewal periods unless otherwise terminated.

Fiscal Impact: None

Accounts: N/A

Summary: Request to enter into an Intergovernmental Agreement (“IGA”) with the State of Illinois, through its Illinois Department of Natural Resources, the Illinois Nature Preserve Commission, and the Village of Elk Grove (“Elk Grove”) for the purpose of modifying an existing dam structure controlling overflow of the Busse Woods Reservoir. Pursuant to the terms of the IGA, Elk Grove shall be responsible for procuring and coordinating all aspects of the construction of the dam modifications, as well as be

responsible for maintaining and operating the same. All plans and proposed improvements also shall be subject to review and approval by the Forest Preserves. The proposed dam modifications, once installed, shall become property of the Forest Preserves. In addition, as part of the IGA, the Forest Preserves intends to provide Elk Grove with a license for ingress and egress for the purpose of constructing, operating and maintaining the dam structure.

PROPOSED PREVIOUSLY APPROVED ITEM AMENDMENT

Department: Planning and Development

Request: Authorization for the Forest Preserve District of Cook County to correct the expiration date reflected in the Journal of the Proceedings. The expiration date is accurately reflected in the agreement document.

Item Number: Approved on the 2/2/2012 Board Agenda as item 5

Fiscal Impact: N/A

Original Text of Item: PROPOSED AGREEMENT

Transmitting a Communication dated February 2, 2012 from

ARNOLD RANDALL, General Superintendent

Requesting authorization for the District to enter into a cost sharing agreement with the Chicago Horticultural Society (a/k/a the Chicago Botanic Gardens) for the purpose of allocating costs associated with the District's North Branch Bicycle Trail Lake Cook Road Extension.

Reason: The District and Chicago Horticultural Society (the "Society") have sought and obtained federal funding to design and construct a new multi-use cycling and pedestrian trail extension along the Northern border of District land, along Lake Cook Road, for the purpose of connecting two popular bike trails: The District's North Branch Bicycle Trail and the Green Bay Bike Trail. The total costs of the project are projected to be approximately \$1,710,490, of which federal funds totaling \$1,154,101 are anticipated and the remaining costs are to be shared by the District and the Society.

In light of the fact that a substantial portion of the trail improvements will be constructed on land controlled by the Society, the Society's share of the expenses not covered by federal funds shall be greater than the District's and the District's share of the costs is capped at \$100,000.00. Per the attached Cost Sharing Agreement, the Society also shall be responsible for reimbursing the District for its share of any expenditures advanced by the District, including, but not limited to the cost of Phase I, II, and III engineering services provided by Christopher Burke Engineering of Rosemont, Illinois pursuant to a contract for which the District received permission from the Board of Commissioners to enter into on 9/8/2011.

Estimated Fiscal Impact: \$100,000.00. Contract period: 2/1/2012 – 12/31/2014 2034. No additional costs to the District.
