PROPOSED RESOLUTION**HONORING THE CONTRIBUTIONS OF GERALD W. ADELMANN TO THE FOREST PRESERVES OF COOK COUNTY AND CONGRATULATING HIM ON HIS RETIREMENT**

WHEREAS, as President and CEO of Openlands, Gerald (Jerry) W. Adelman has dedicated his career to advancing the mission of protecting natural and open spaces to ensure cleaner air and water, safeguard natural habitats and wildlife, and help balance and enrich the lives of the people in our region; and

WHEREAS, Jerry joined Openlands in 1980 to coordinate a special program that led to the creation of the Illinois and Michigan Canal National Heritage Corridor, the first federal land designation of its kind, and today, there are 62 National Heritage Areas based on this model throughout the United States; and

WHEREAS, Jerry's influence inspired the creation of Midewin National Tallgrass Prairie, in Wilmington, Illinois and the protection of the rare and scenic landscape at the Openlands Lakeshore Preserve located at Fort Sheridan in Highwood, Illinois. These initiatives, along with many other conservation accomplishments have earned him numerous honors and awards; and

WHEREAS, Openlands is a founding member of Chicago Wilderness and Jerry has worked with the Forest Preserves through this regional alliance to improve the quality of life of the individuals and the many other species living in both Cook County and throughout the region; and

WHEREAS, Jerry is a firm believer in the Forest Preserves mission that everyone should have access to nature, which he has demonstrated through the many programs Openlands administers, including promoting outdoor recreation opportunities, increasing and improving Chicagoland's tree canopy and providing environmental education opportunities to schools; and

WHEREAS, Jerry, through his leadership at Openlands, has advocated tirelessly for nature by leading campaigns to ensure locally, regionally and nationally elected officials continue to support, protect and provide access to nature; and

WHEREAS, Jerry worked with the Forest Preserves of Cook County and helped lead the effort to develop the Next Century Conservation Plan-an ambitious vision created by civic leaders, conservation advocates, and Forest Preserves staff that guides the Forest Preserves' efforts to ensure nature thrives for the next 100-years; and

WHEREAS, upon adoption of the Next Century Conservation Plan by the Board of Commissioners on February 18, 2014, Jerry continued to share his knowledge, insight, expertise, and provided Openlands' staff support to operationalize the Next Century Conservation Plan; and

WHEREAS, Jerry is a committed advocate dedicated to protecting nature, he raised funds and helped build a coalition of non-profit groups and individuals to promote and ultimately pass the Forest Preserves' historic 2022 tax referendum, contributing to the Forest Preserves' long-term sustainability for people and nature.

NOW, THEREFORE, BE IT RESOLVED, that President Toni Preckwinkle along with the Forest Preserves of Cook County Board of Commissioners, General Superintendent Arnold L. Randall, and on behalf of all residents of Cook County, do hereby extend appreciation to Mr. Gerald W. Adelman for his dedication and leadership in conserving natural and cultural spaces, and wish him all the best in his retirement; and

BE IT FURTHER RESOLVED, that a suitable copy of this resolution be tendered to Jerry in recognition of his significant contributions to the Forest Preserves of Cook County.

PROPOSED RESOLUTION

HONORING NANCY JOSEPH FOR RECEIVING A BEST OF THE BEST OUTSTANDING CITIZEN VOLUNTEER AWARD FROM THE ILLINOIS ASSOCIATION OF PARK DISTRICTS

WHEREAS, on October 20, 2023, Nancy Joseph was honored with a Best of the Best Award from the Illinois Association of Park Districts during its annual gala, receiving the Outstanding Citizen Volunteer Award for her service as a Site Steward at Sand Ridge Nature Center in south Cook County where she has been volunteering since 2013, dedicating over 1,700 hours of service to the Forest Preserves in the past decade; and

WHEREAS, Sand Ridge Nature Center is surrounded by globally rare dune and swale topography which includes 308-acres of marsh, sand prairie, oak savanna, and woodland. Nancy helps care for the site, which includes pockets of remnant-quality vegetation, by hosting large-scale volunteer habitat restoration events, as well as maintaining the interpretive native gardens and bioswales; and

WHEREAS, Nancy has developed strong collaborations with other organizations working in the area including Friends of the Forest Preserves, the Field Museum, and Calumet Is My Backyard (CIMBY) to bring people and nature together including hosting stewardship days for Chicago Public Schools high school students; and

WHEREAS, Nancy is exceptionally organized and thoughtful in leading stewardship days and goes above and beyond to make sure volunteers are safe and comfortable, especially if it is their first time volunteering, and she encourages community building among volunteers; and

WHEREAS, Nancy is a cherished member of the environmental community and her leadership is vital to the restoration and maintenance of rare and important habitats in the Calumet region.

NOW, THEREFORE, BE IT RESOLVED, that Toni Preckwinkle, President and the Forest Preserves of Cook County Board of Commissioners congratulate Nancy Joseph for receiving an Illinois Association of Park Districts Best of the Best Award and thank her for her dedication and commitment to the mission of the Forest Preserves; and

BE IT FURTHER RESOLVED, that a suitable copy of this Resolution be presented to Nancy Joseph as a token of appreciation for her service to the Forest Preserves of Cook County and the residents of Cook County.

PROPOSED RESOLUTION

HONORING THE FOREST PRESERVES OF COOK COUNTY, CHICAGO ZOOLOGICAL SOCIETY, AND THE UNIVERSITY OF ILLINOIS COLLEGE OF VETERINARY MEDICINE FOR RECEIVING A BEST OF THE BEST PARTNERSHIP AWARD FROM THE ILLINOIS ASSOCIATION OF PARK DISTRICTS

WHEREAS, on October 20, 2023, the Forest Preserves of Cook County (“Forest Preserves”), Chicago Zoological Society, and the University of Illinois College of Veterinary Medicine were honored with a Best of the Best Award from the Illinois Association of Park Districts during its annual gala, receiving the Partnership Award for the Illinois Zoological and Wildlife Health Management Residency Program which focuses on the health of wild animal populations in urban and suburban settings in Cook County, Illinois; and

WHEREAS, the program is the nation's first wildlife residency program that meets the rigorous standards of the American College of Zoological Medicine and supports a new level of specialty care and professional veterinary medical services that are focused on establishing a baseline of wildlife health; and

WHEREAS, the program is a three-year term and once completed, participating residents earn their Master of Veterinary Science supplementing their Doctorate in Veterinary Medicine, through the University of Illinois College of Veterinary Medicine; and

WHEREAS, each participating resident receives mentorship with all three partner organizations working directly with Forest Preserves' wildlife biologists through hands-on experiences both monitoring and managing the health of a variety of native species populations in Cook County and receiving clinical experience with animals at Brookfield Zoo and at the Wildlife Epidemiology Lab at the University of Illinois in Urbana-Champaign; and

WHEREAS, while conservation efforts have helped to ensure that population numbers of several local species are stable or increasing, changes in landscape features and species composition, emerging diseases, habitat fragmentation from increasing development and impacts from a changing climate continue to threaten the health and populations of many other local species which is why this collaborative program is extremely important to the future survival of this region's wildlife; and

NOW, THEREFORE, BE IT RESOLVED, that Toni Preckwinkle, President and the Forest Preserves of Cook County Board of Commissioners congratulate the Forest Preserves of Cook County, Chicago Zoological Society, and the University of Illinois College of Veterinary Medicine for receiving an Illinois Association of Park Districts' Best of the Best Award and thank them for their commitment to the mission of the Forest Preserves; and

BE IT FURTHER RESOLVED, that a suitable copy of this Resolution be presented to the awardees as a token of appreciation for their service to the Forest Preserves of Cook County and the residents of Cook County.

PROPOSED RESOLUTION

HONORING THE CONTRIBUTIONS OF CHIEF CONSTRUCTION ENGINEER ADNAN NAMMARI

WHEREAS, Adnan Nammari will retire from public service to the Forest Preserves of Cook County on December 29, 2023, after a 43-year career in various civil engineering posts, including 28 years of service to the Forest Preserves; and

WHEREAS, Mr. Nammari graduated from the Illinois Institute of Technology with bachelor's and master's degrees in civil engineering and started work as a senior civil engineer for the Forest Preserves

in December 1995, after serving for 15 years in private-sector engineering consultant positions; and

WHEREAS, for the past 20 years, Mr. Nammari served as Chief Construction Engineer, succeeding Paul Pearson, Harry Barrett and others, in this prestigious Forest Preserves' position; and

WHEREAS, during his tenure as Chief Construction Engineer, Mr. Nammari managed the Civil Engineering section of the Department of Planning & Development and introduced new technology-based systems and tools for performing engineering design and administration of capital funds, in addition to maintaining standards and procedures for Forest Preserves' construction contracts; and

WHEREAS, Mr. Nammari also oversaw many significant Forest Preserves' construction programs and challenging construction contracts for new or improved bridges, dams, parking lots, picnic shelters, canoe and kayak launches, and other outdoor recreation amenities; and

WHEREAS, notable outdoor recreation projects managed by Mr. Nammari included the expansion of the fitness stairs at Swallow Cliff, a new nature play area and fitness stairs at Dan Ryan Woods, new picnic and program shelter prototypes, new accessible canoe and kayak facilities, and repairs to many bridges and dams at fishing lakes throughout Cook County; and

WHEREAS, Mr. Nammari was responsible for oversight of the \$25 million Motor Fuel Tax agreement with Cook County Department of Transportation and Highways which has resulted in transportation-related infrastructure improvements to numerous trails, bridges, access roads and adjacent parking areas; and

WHEREAS, Mr. Nammari was responsible for regular inspections and improvements to dams and other drainage and water-control structures and oversight of water and stormwater infrastructure projects on Forest Preserves' land; and

WHEREAS, Mr. Nammari is a devoted husband and father of three adult children who enjoys traveling to visit family in the U.S. and Middle East and spending time outdoors walking and biking in the Forest Preserves and along Chicago's lakefront.

NOW, THEREFORE, BE IT RESOLVED, that President Toni Preckwinkle along with the Forest Preserves of Cook County Board of Commissioners, General Superintendent Arnold L. Randall, and on behalf of all citizens of Cook County, do hereby extend thanks to Adnan Nammari for his dedication, leadership and outstanding service and wish him continued success in all his future endeavors; and

BE IT FURTHER RESOLVED, that a suitable copy of this resolution be tendered to Adnan Nammari in recognition of his significant contributions to the Forest Preserves of Cook County.

PROPOSED RESOLUTION

HONORING THE CONTRIBUTIONS OF BUILDING ARCHITECT JAMES HAVLAT

WHEREAS, James Havlat will retire from public service to the Forest Preserves of Cook County on December 28, 2023, after a 38-year career, and for the past 32 years, Mr. Havlat was only the second head building architect employed by the Forest Preserves since 1962, succeeding Edward P. Koster, who served in this prestigious Forest Preserves' position from 1962 to 1990; and

WHEREAS, Mr. Havlat graduated from the University of Illinois Urbana-Champaign with a Bachelor of Science degree in Architectural Studies, and the University of Texas at Austin with a Master of Architecture degree in 1985, and began his employment with the Forest Preserves in 1991; and

WHEREAS, during his 32 years of service to the Forest Preserves, Mr. Havlat managed the building architecture section of the Forest Preserves' Department of Planning & Development and was responsible for the planning, design and oversight of the construction or renovation of hundreds of buildings and shelters throughout the Preserves; and

WHEREAS, Mr. Havlat oversaw many significant public building programs for the Forest Preserves under several major capital funding initiatives, including the Illinois First program in 2005 and SB 83 program in 2007-2008 and Forest Preserve general obligation bonds issued in 2012; and

WHEREAS, significant public building projects completed during Mr. Havlat's tenure include the Forest Preserves' first green LEED-certified buildings, a new Little Red Schoolhouse, new Sagawau Environmental Learning Center, historic cabins at Sand Ridge Nature Center, renovation of historically significant pavilions at Dan Ryan Woods and Thatcher Woods, conversion of the Forest Preserves' General Headquarters to all-electric heating and cooling systems, and many other building and picnic shelter improvement projects; and

WHEREAS, Mr. Havlat was a member of various interdepartmental Forest Preserves' committees relating to green buildings, dark skies, and sustainability, and was the project lead for the Forest Preserves' 2023 Clean Energy Action Plan for Buildings to guide the Forest Preserves to a more resilient and sustainable future for decades to come; and

WHEREAS, Mr. Havlat was responsible for building inspections and record keeping for Forest Preserves' buildings, maintaining standards and procedures for building improvement construction contracts, and serving as an unofficial archivist of historical documents collected over the course of his service; and

WHEREAS, Mr. Havlat is a devoted husband and father of two adult children and a new granddaughter who enjoys spending time traveling to visit family and friends, exploring new cultures, and is looking forward to spending time outdoors at his new residence in Tucson, Arizona.

NOW, THEREFORE, BE IT RESOLVED, that President Toni Preckwinkle, along with the Forest Preserves of Cook County Board of Commissioners, General Superintendent, Arnold L. Randall, and on behalf of all citizens of Cook County, do hereby extend thanks to James Havlat for his dedication, leadership and outstanding service and wish him continued success in all his future endeavors; and

BE IT FURTHER RESOLVED, that a suitable copy of this resolution be tendered to James Havlat in recognition of his significant contributions to the Forest Preserves of Cook County.

Summary: The Forest Preserves of Cook County (the "Forest Preserves") has identified a parcel of land for acquisition that would add to the Forest Preserves' current holdings near Spring Lake (the "Property"). The Property, commonly known as 340 Old Sutton Road, Barrington Hills, Cook County, Illinois, consists of approximately 13.54 ± acres. The Property is adjacent to Spring Lake Forest Preserve system which totals close to 4,000 acres. Adding the Property will expand Forest Preserve holdings to Old Sutton Road, making it easier for management and access to the preserve, further bolstering the connection from Spring Lake to Horizon Farms to the east. The Property includes some large oak trees, wetlands, and drainages, adding to the diverse Spring Lake habitat.

Through negotiations, the Owner of Record (the "Seller"), has agreed to sell the Property to the Forest

Preserves for the sum of EIGHT HUNDRED EIGHTY-FIVE THOUSAND DOLLARS AND 00/100 (\$885,000.00) plus closing costs up to \$10,000.00 (up to \$895,000.00 in total). The purchase price is based upon two (2) M.A.I. appraisals obtained by the Forest Preserves and is subject to the Forest Preserves' satisfactory completion of its due diligence. The Forest Preserves has applied for grant assistance for this acquisition through the Illinois Department of Natural Resources for an Open Space Land Acquisition and Development grant, as well as a Land and Water Conservation Fund grant, and would be reimbursed up to 50% of the purchase price if awarded.

Permission is now sought, upon satisfactory completion of all due diligence and negotiation of any and all required documentation as determined by the Forest Preserves Legal Department, to effectuate payment in the amount of the purchase price plus closing costs as full compensation for the acquisition of the Property.

This land acquisition advances the goals of the Forest Preserves' Next Century Conservation Plan, and Acquisition and Disposition of Land Position Paper.

Adding the Property will expand Forest Preserve holdings to Old Sutton Road, making it easier for management and access to the preserve, further bolstering the connection from Spring Lake to Horizon Farms to the east. The Property includes some large oak trees, wetlands, and drainages, adding to the diverse Spring Lake habitat.

Through negotiations, the Owner of Record (the “Seller”), has agreed to sell the Property to the Forest Preserves for the sum of SEVEN HUNDRED FORTY-FOUR THOUSAND FIVE HUNDRED DOLLARS AND 00/100 (\$744,500.00) plus closing costs up to \$10,000.00 (up to \$754,500.00 in total). The purchase price is based upon two (2) M.A.I. appraisals obtained by the Forest Preserves and is subject to the Forest Preserves’ satisfactory completion of its due diligence. The Forest Preserves has applied for grant assistance for this acquisition through the Illinois Department of Natural Resources for an Open Space Land Acquisition and Development grant, as well as a Land and Water Conservation Fund grant, and would be reimbursed up to 50% of the purchase price if awarded.

Permission is now sought, upon satisfactory completion of all due diligence and negotiation of any and all required documentation as determined by the Forest Preserves Legal Department, to effectuate payment in the amount of the purchase price plus closing costs as full compensation for the acquisition of the Property.

This land acquisition advances the goals of the Forest Preserves’ Next Century Conservation Plan, and Acquisition and Disposition of Land Position Paper.

Summary: The Forest Preserves of Cook County (the "Forest Preserves") has identified a parcel of land for acquisition that would add to the Forest Preserves' current holdings near Spring Lake (the

“Property”). The Property, commonly known as 338 Old Sutton Road, Barrington Hills, Cook County, Illinois, consists of approximately 5.56 ± acres. The Property is adjacent to Spring Lake Forest Preserve system which totals close to 4,000 acres. Adding the Property will expand Forest Preserve holdings to Old Sutton Road, making it easier for management and access to the preserve, further bolstering the connection from Spring Lake to Horizon Farms to the east. The Property includes some large oak trees, wetlands, and drainages, adding to the diverse Spring Lake habitat.

Through negotiations, the Owner of Record (the “Seller”), has agreed to sell the Property to the Forest Preserves for the sum of SIX HUNDRED THIRTY-FOUR THOUSAND DOLLARS AND 00/100 (\$634,000.00) plus closing costs up to \$10,000.00 (up to \$644,000.00 in total). The purchase price is based upon two (2) M.A.I. appraisals obtained by the Forest Preserves and is subject to the Forest Preserves’ satisfactory completion of its due diligence. The Forest Preserves has applied for grant assistance for this acquisition through the Illinois Department of Natural Resources for an Open Space Land Acquisition and Development grant, as well as a Land and Water Conservation Fund grant, and would be reimbursed up to 50% of the purchase price if awarded.

Permission is now sought, upon satisfactory completion of all due diligence and negotiation of any and all required documentation as determined by the Forest Preserves Legal Department, to effectuate payment in the amount of the purchase price plus closing costs as full compensation for the acquisition of the Property.

PROPOSED REAPPOINTMENT

Appointee(s): Laurel Ross, Henrietta Saunders, Mark Templeton

Position: Council Members

Department/Board/Commission: Conservation and Policy Council

Effective date: 1/1/2024

Expiration date: 12/31/2026

Summary: The Nominating Committee for the Conservation and Policy Council is committed to nominating candidates from across Cook County who bring diverse perspectives to the Council, reflect the diversity of Cook County, and provide a broad range of expertise. This commitment has led to a diverse council which includes members from northeast, northwest, south, and central Cook County.

The Nominating Committee recommends re-appointment of Laurel Ross, Henrietta Saunders, and Mark Templeton to an additional term on the Conservation and Policy Council. President Preckwinkle concurs with the committee's recommendation and seeks the Board's advice and consent related to the re-appointments.

The Conservation and Policy Council advises the President, Board of Commissioners, and General Superintendent and develops and annually updates a strategic plan to operationalize the Next Century Conservation Plan. The Council also reviews and makes recommendations for the annual budget, conservation policies and practices, and long-term strategic issues.

Laurel Ross has served in numerous leadership positions within the conservation community of Chicago, demonstrating a tremendous commitment to conserving the native environment of Illinois. Laurel was the Director of Urban Conservation for the Field Museum from 2004 to 2014. In this role, she developed and oversaw programs that connected people to nature through environmental education, habitat restoration and collaboration among environmental and cultural organizations. She has also served as Chair of Chicago Wilderness, Director of Conservation Programs for the Illinois Chapter of The Nature Conservancy and Director of the North Park Village Nature Center. Laurel has many years of experience as a committed volunteer and leader in environmental stewardship through the Volunteer Stewardship Network of Illinois.

Henrietta Saunders is Chairperson of the Natural Resources Commission for the Village of Glenview and a long-time volunteer with the Friends of the Forest Preserves and the North Branch Restoration Project. She currently serves on the boards of Community Organizing and Family Issues ("COFI") and Family Promise Chicago North Shore. She previously has served on local, state and national boards of the League

of Women Voters as well as the Delta Institute and Faith in Place. She worked in commercial banking, in a small family business, at the UFCW Midwest Health and Benefits Fund and in various nonprofits before retiring. Henrietta has a BA from Brown University, an MBA in Finance from University of Chicago, an MS in Learning Sciences from Northwestern, and is fluent in Spanish.

Mark Templeton has an extensive background in government, finance and strategic planning with a demonstrated focus on environmental and energy issues. He currently serves as Clinical Professor of Law and Director of the Abrams Environmental Law Clinic at the University of Chicago. Prior to this role, Mark was Executive Director of the Office of Independent Trustees for the Deepwater Horizon Oil Spill Trust, where he helped ensure that the \$20 billion pledged by BP was available to address claims of affected individuals. He also served in the cabinet of Missouri Governor Jay Nixon as Director of the Department of Natural Resources, where he managed approximately 1,750 employees, supervised an approximately \$300 million annual budget, and oversaw Missouri State Parks. Mark was Associate Dean and COO at Yale Law School, developed strategies for environmental sustainability at McKinsey & Company and was a senior adviser to the U.S. Delegation to the U.N. Commission on Human Rights. He is also a board member of the Gaylord and Dorothy Donnelley Foundation and the Environmental Law Institute, among other volunteer positions in the community and legal profession.

PROPOSED GRANT AWARD

Department: Department of Resource Management

Grantee: Forest Preserves of Cook County (the “Forest Preserves”)

Grantor: Illinois Department of Commerce and Economic Opportunity (“DCEO”), Springfield, Illinois

Request: Authorization to accept grant and permit the General Superintendent authority to execute the grant agreement on behalf of the President of the Forest Preserves of Cook County Board of Commissioners.

Purpose: Authorization is sought for the Forest Preserves to accept and enter into a grant agreement with the Illinois Department of Commerce and Economic Opportunity for comprehensive infrastructure upgrades and restoration of the Palos and Sag Valley trail systems in southwest Cook County.

Grant Amount: \$10,000,000.00

Grant Period: 10/1/2023 (retroactive) - 9/30/2025

Fiscal Impact: N/A. The project will be conducted at no direct cost to the Forest Preserves, which may provide in-kind staff support for the planning, implementation, and monitoring of the project.

Accounts: N/A

Concurrences: The Chief Financial Officer has approved this item. Final agreement is subject to legal review and approval.

District(s): 17

Summary: The Forest Preserves has been awarded \$10,000,000.00 in grant funding from the Illinois Department of Commerce and Economic Opportunity as part of the 2019 Rebuild Illinois Capital Plan (as reappropriated) to design and reconstruct portions of the Palos and Sag Valley unpaved trail systems. The proposed improvements include erosion mitigation and accessibility upgrades, installation of sustainable drainage structures, and improved wayfinding markers. The improved trail system will enhance public safety and navigability from key destinations near the Swallow Cliff Woods and Red Gate Woods priority areas, connecting to recreational amenities such as the Little Red Schoolhouse Nature Center, Camp Bullfrog, the Swallow Cliff stairs, and area lakes.

The project will also feature approximately 1,100 acres of ecological restoration to bolster the sustainability of the rehabilitated trails, open sight lines, and improve the quality of the nature experience for trail users. The Palos area is a major regional outdoor recreational hub and serves as one of the top hiking and mountain-biking destinations in northern Illinois. This project advances the goals of the Next Century Conservation Plan and the Natural and Cultural Resources Master Plan, which identified Palos as the Forest Preserves' highest priority landscape for conservation and ecological restoration.

Summary: Cook County (the “County”) has handled Administrative Hearings for Forest Preserves ordinance citations pursuant to an IGA since March 3, 2010. Currently, the County is responsible for collecting post-adjudication fines and related costs on behalf of the Forest Preserves. The Forest Preserves would like to expand the services provided by the County to include the collection of pre-adjudication fines and related costs. The current IGA authorizes collection and audit costs but does not establish a set administration fee rate. This Amendment will establish a rate of 10%, an increase from the 5% currently charged. This rate increase will cover the expansion of services to be provided by the County and will include credit card processing fees currently paid by the Forest Preserves for pre-adjudication fines and related costs.

PROPOSED INTERGOVERNMENTAL AGREEMENT AMENDMENT

Department: Department of Planning and Development

Other Part(ies): Village of Schiller Park, Illinois (the “Village”)

Request: Authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to provide supplemental funds to the Village of Schiller Park for engineering services under an existing intergovernmental agreement (“IGA”) and to extend IGA.

Goods or Services: Supplemental Engineering Services for trail improvements and new trail connections on the Des Plaines River Trail between Lawrence Avenue and Irving Park Road near Schiller Park, Illinois.

Agreement Number: N/A

Agreement Period: Original: Date of Execution (2/25/2022) to 12/31/2023; Proposed Extension: 1/1/2024 - 2/25/2025

Summary: Phase II Engineering design for reconstruction of a segment of the Des Plaines River Trail between Lawrence Avenue and Irving Park Road (Segment 4) is sponsored by the Village of Schiller Park under an existing IGA approved by the Forest Preserves Board of Commissioners on September 21, 2021 (Board Item No. 21-0354). The Village has an existing contract with Christopher B. Burke Engineering, Ltd., to perform these services. In the course of trail design, Forest Preserves staff requested a change in the trail alignment to minimize impacts on nearby trees and wetland areas. Because of this change, the Village’s engineering consultant will need to perform additional work that includes surveying the new alignment; creating a new plan and profile sheets, geometric coordination, Wetland Impact Evaluation forms and environmental coordination; and preparing an addendum to the Village’s engineering report. In order to proceed with supplemental engineering and keep the project on track under the existing IGA, the Forest Preserves has agreed to reimburse the Village for the required additional engineering services to be conducted by their consultant up to a not-to-exceed amount of \$60,000.00.

Concurrences: The Vehicle Steering Committee has approved the purchase of referenced vehicles.

The Chief Financial Officer and Chief Attorney have approved this item.

Piggyback contract based on the Sourcewell Contract #060920-CRN with no MWBE participation goals.

District(s): Districtwide

Summary: The Department of Facilities and Fleet received permission from the Vehicle Steering Committee on 11/20/2023 to decommission two (2) vehicles due to age, high mileage, and condition; and purchase two (2) new vehicles. The Forest Preserves is requesting the purchase of two (2) Loadmaster Enviromaster 18-cubic yard split body EV refuse garbage trucks with dual tailgate and cart lifters. These trucks are part of the refuse modernization program, as well as the first in the Department of Landscape Maintenance's refuse fleet to run on EV with split body. The split body will allow us to collect both the landfill and recycling garbage saving time, staff resources, and fuel; as well as improve customer services out in our preserves. The vendor is an authorized dealer of referenced vehicles.

District(s): N/A**Summary:** Attorneys and paralegals in the Forest Preserves' Legal Department use LexisNexis site for comprehensive web-based, online legal research and related services that are essential to their operations and provides access to primary and secondary legal documents, rules and regulations, case law and court documents. The Forest Preserves seeks authorization to continue to use LexisNexis on a sole source basis. Agreements for online services are often form agreements that apply to a general class of customer, which is the case here as well. Thus, the proposed new contract includes some non-standard provisions for the Forest Preserves. On 9/24/2020, the Cook County Board of Commissioners approved a contract with LexisNexis for use by its State's Attorney's Office and other agencies (Board Item No.

20-4183). On 9/21/2023, the Cook County Board of Commissioners approved a one-year extension to this contract (Board Item No. 23-3277). The Forest Preserves’ Legal Department has used LexisNexis since 2021.

Summary: The Forest Preserves issued a Request for Proposals (RFP #23-31-105) seeking firms or organizations to co-facilitate job training and employment programs that utilize a Conservation Corps or Youth Community Internship model. Conservation Corps programs provide paid employment for youth and adult participants who reflect the diversity of Cook County, as well as benefit people who have barriers to employment, have suffered from historical disenfranchisement, or whose communities are disproportionately impacted by environmental justice issues. Programs feature environmental education and soft skills training within the conservation field that engage participants with nature and prepare them for future employment, with a focus on ecological restoration in the Forest Preserves.

A total of twelve (12) program proposals were received for this project from five (5) different firms and organizations, all of whom were found to be responsive. Proposals were evaluated based on experience and expertise with similar projects, proposed approach, cost, and capacity to perform all aspects of the work. The proposed Conservation Corps programs are as follows:

- 1) **Audubon Great Lakes Habitat Restoration Internship** - The Audubon Great Lakes Habitat Restoration Internship will engage one (1) Field Leader, one (1) Assistant Field Leader and six (6) adult interns in a 24-week ecological restoration program that benefits bird species and their habitats. Participants will conduct invasive plant control and native seed collection at preserves in the south and southwest regions, while also receiving job training and professional networking experiences to prepare participants for careers in land management, ecology, and related fields.
- 2) **Advanced Adult Crews (Friends of the Forest Preserves)** -- The Advanced Adult Crews, administered by Friends of the Forest Preserves, will engage two crews consisting of one (1) Crew Manager, one (1) Assistant Crew Manager, and four (4) adult crew members each, or up to twelve (12) participants annually. The crews will operate year-round with cohort turnover occurring every two years. The program will cultivate the next generation of environmental professionals through job and conservation skills training, while providing tangible and meaningful on-the-ground experiences for members of the beginner crews who have graduated out of entry-level programs and are seeking advanced skills training in forestry, land management, and ecological restoration.
- 3) **Calumet Corps (Friends of the Forest Preserves)** -- The Calumet Corps, administered by Friends of the Forest Preserves, will engage one (1) Crew Manager, one (1) Assistant Crew Manager, and four (4) adult participants annually in hands-on conservation activities such as invasive species control, prescribed burning, and native seed collection and dispersal. Worksites

will focus on the Calumet region, primarily within the Sand Ridge and Jurgensen Woods complexes. The program will operate year-round with cohort turnover occurring every two (2) years.

- 4) **Des Plaines River Corps (Friends of the Forest Preserves)** -- The Des Plaines River Corps, administered by Friends of the Forest Preserves, will engage one (1) Crew Manager, one (1) Assistant Crew Manager, and four (4) adult participants annually in hands-on conservation activities such as invasive species control, prescribed burning, and native seed collection and dispersal. Worksites will focus on areas adjacent to the Des Plaines River corridor, primarily within the Salt Creek and Thatcher Woods complexes. The program will operate year-round with cohort turnover occurring every two (2) years.
- 5) **North Branch Corps (Friends of the Forest Preserves)** -- The North Branch Corps, administered by Friends of the Forest Preserves, will engage one (1) Crew Manager, one (1) Assistant Crew Manager, and four (4) adult participants annually in hands-on conservation activities such as invasive species control, prescribed burning, and native seed collection and dispersal. Worksites will focus on areas adjacent to the North Branch river corridor, primarily within the Somme and Harms Woods complexes. The program will operate year-round with cohort turnover occurring every two (2) years.
- 6) **Palos Corps (Friends of the Forest Preserves)** -- The Palos Corps, administered by Friends of the Forest Preserves, will engage two (2) crews consisting of one (1) Crew Manager, one (1) Assistant Crew Manager, and four (4) adult participants, each or up to twelve (12) participants annually. The crews will conduct hands-on conservation activities such as invasive species control, prescribed burning, and native seed collection and dispersal at worksites within the Palos region. The program will operate year-round with cohort turnover occurring every two (2) years.
- 7) **Forest Preserves Experience (Friends of the Forest Preserves)** - The Forest Preserves Experience program, administered by Friends of the Forest Preserves, provides conservation and job skills training to high-school youth, ages 15 to 19, whose families are clients of the Housing Authority of Cook County. The five (5) week program will engage up to ninety (90) youth participants, eight (8) Assistant Field Leaders, and eighteen (18) adult Crew Leaders annually in hands-on ecological restoration activities supplemented with job readiness skills and nature-based enrichment activities which promote forest preserve awareness and teach participants how healthy forest preserves contribute to their community and the quality of life. Worksites will primarily be in the Thorn Creek, Calumet, and Tinley Creek regions in south and west suburban Cook County.
- 8) **Beaubien Youth Outdoor Ambassador Program (Friends of the Forest Preserves)** - The Beaubien Youth Outdoor Ambassador Program, administered by Friends of the Forest Preserves, will engage ten (10) youth participants (ages 14 - 19), two (2) Crew Leaders, and one (1) Program Assistant annually for six (6) weeks of hands-on conservation work,

education in local ecology, and public engagement activities. The program offers an opportunity for community members who reside near Beaubien Woods to gain skills in leadership, job-readiness, and professional development, while learning about important local environmental topics. This program will be operated in collaboration with the Forest Preserves' Department of Conservation and Experiential Programming.

- 9) **Arborist Registered Apprenticeship Program (Openlands)** -- The Arborist Apprenticeship Program, administered by Openlands, will engage six (6) apprentices and up to two (2) Field Supervisors for up to twelve (12) weeks annually to conduct tree and invasive brush removal projects in the Salt Creek and Palos regions. The program is recognized by the Illinois Department of Labor and provides an accessible career pathway for individuals seeking an entry-level experience to facilitate becoming a certified arborist and to work in urban forestry.

- 10) **Greencorps Chicago (Chicago Department of Transportation)** - Greencorps Chicago is the City of Chicago's green-industry employment program with on-the-job training for individuals with barriers to employment. The program promotes environmental stewardship in the Forest Preserves by maintaining and restoring the land through hands-on involvement on a range of conservation projects including invasive plant removal, native plant installation and seeding, prescribed burning, and more. Participants also receive industry-recognized credentials including pesticide licensure and regional prescribed burn certifications. The program will engage approximately six (6) Crew Supervisors and thirty (30) adult participants annually.

- 11) **Gap Year Internship (Student Conservation Association)** - The Gap Year Internship, administered by the Student Conservation Association, serves as a bridge between adult Conservation Corps programs and youth summer programs by exposing participants to advanced restoration skillsets while also supporting career exploration and job readiness training. Over the 6-month program, five (5) young adults and two (2) adult Crew Leaders will conduct conservation projects including invasive plant removal, nature gardening, trail and fence maintenance in addition to seeking environmental education and professional certifications that will make participants desirable candidates for full time employment in ecological restoration upon graduation from the program. Worksites will primarily occur in the Salt Creek and Palos regions, as well as at Forest Preserves nature center facilities.

- 12) **Chicago Conservation Leadership Corps (Student Conservation Association)** - The Chicago Conservation Leadership Corps program, administered by the Student Conservation Association, will engage at least forty (40) high school-aged youth, four (4) young adult Assistant Leaders, and eight (8) adult Crew Leaders annually in hands-on conservation work such as invasive plant removal, nature gardening, trail and fence maintenance supplemented by nature-based recreational activities. The 5-week summer program includes job readiness training and career exploration with an emphasis on engaging youth of color to increase diversity in the conservation field. Work will occur at Forest Preserves nature center

facilities, including but not limited to Little Red Schoolhouse, Sand Ridge, and Trailside Museum of Natural History.

Programs will be implemented and scaled based on budget availability, including potential future grant opportunities and annual levels of matching fund contributions secured by each firm or organization. Conservation Corps programs advance the goals of the Next Century Conservation Plan by mobilizing people to heal and nurture the land.

PROPOSED LICENSE REQUEST

Request: Requesting authorization for the Forest Preserves of Cook County (the "Forest Preserves"), as Licensor to grant a License to Nicor, Grantee, to locate, operate and maintain 4,785 linear feet of a 20-inch gas main in Oak Forest along Crawford Avenue north of 159th Street at the eastern edge of the Midlothian Meadows forest preserve. Construction would require removal of approximately three hundred thirty-one (331) non-invasive trees (264 live and 67 dead), resulting in tree mitigation fees and restoration of the license area. In practice, more trees may need to be removed than originally estimated. Any increase in the tree mitigation fee will be in accordance with the Tree Mitigation Plan (see Board Item No. 20-0279), and if such increase is more than 20% of the original estimate, then approval will be sought from the Forest Preserves of Cook County Board of Commissioners. Construction will not require closure of the loop trail at Midlothian Meadows.

Term: Ten (10) years

License Fee: \$154,886.36

License Application Fee: \$1,500.00

YELAR Fee: \$7,050.00

Review Fee: \$3,000.00

Benefit Restoration Fee: \$250,000.00

Total one-time upfront fee of \$416,436.36 for the term of the License
(Sec. 5-2A-4 and 5-2B-4)

Tree Mitigation Fee: \$1,973,043.91

The area of the License is: 1.65 acres

Concurrence(s): The Chief Financial Officer has approved this item. Final license agreement is subject to legal review and approval.

Grantee will be required to meet the insurance requirements under the License Agreement.

The Forest Preserves staff have reviewed this license application and plans and have found them to be acceptable; therefore, it is recommended that the Forest Preserves of Cook County Board of Commissioners approve the issuance of this license.

PROPOSED MISCELLANEOUS ITEM OF BUSINESS

Department: Department of Conservation and Experiential Programming

Summary: The Forest Preserves of Cook County (the “Forest Preserves”) requests authorization for the General Superintendent or a designee to have discretionary spending up to \$100,000.00 through 2024 to support educational, recreational and community engagement program services with a variety of program partners, including, but not limited to, artists, arts groups, youth development groups, program trainers, curriculum development facilitators, and cultural groups. These program partners would be selected through a variety of processes including the Forest Preserves’ Event and Program Partnership application process. This Event and Program Partnership application is listed on the Forest Preserves’ website on the Doing Business and Partnership page and will be marketed through various Forest Preserves avenues. Program Partnerships may extend into the 2025 fiscal year depending on the program proposal but would not exceed twelve (12) consecutive months. Individual contracts would not exceed \$5,000.00. The program partnerships would be proposed or vetted by the Forest Preserves’ Conservation and Experiential Programming team and selected based on community involvement; ability to provide the service; ability to bring a unique program concept to the Forest Preserves; ability and interest to connect with the Forest Preserves’ mission and vision; ability to serve a community impacted by racial and other inequities; ability to support Forest Preserves’ grant programs; price; and ability to bring a new audience to the Forest Preserves. This program strategy complements the goals of the Next Century Conservation Plan, to connect more people with nature and to make the Forest Preserves more welcoming and accessible. A report on partnership contracts and activities funded through this process in 2023 is attached.

Programming Good(s) or Service(s): Programming Partnerships

Fiscal Impact: FY 2024 \$90,000.00, FY 2025 \$10,000.00

Accounts: Professional Services 51001.520830; Special or Coop Programs 51001.521313; and various other grant funds

REPORT

Department: Department of Permits, Rentals and Concessions

Request: Refer to Recreation and Engagement Committee

Report Title: Event and Permit Application Survey

Report Period: 2023

Summary: The Department of Permits, Rentals and Concessions (“PRC”) contracts with a third-party consultant, Penn and Associates, to survey customers who hold picnics or special events in our groves on a weekly basis throughout the summer months. This year, one thousand, three hundred and eighty-seven (1,387) patrons completed questionnaires, a 26.5% response rate. Overall, customer satisfaction increased in 2023 compared to a year ago and the results showed continuous month-by-month improvement throughout the 2023 season. PRC, Department of Landscape Maintenance, and Department of Law Enforcement staff who interacted with customers all received extremely high ratings. The full report and presentation include detailed findings. Results of the survey are reviewed by all relevant staff on a weekly basis during the summer months to gauge and improve areas of operations within the Forest Preserves of Cook County.

Summary: This report serves as an annual update on the Forest Preserves of Cook County's (the "Forest Preserves") American Rescue Plan Act ("ARPA") sub-award funds pursuant to Board Resolution No. 22-0289. This report covers the period of July 26, 2022 through September 30, 2023 and includes Forest Preserves' expenditures and activities for ARPA projects. ARPA funds seek to address the negative health and economic impacts of the COVID-19 Pandemic on communities nationwide. The Forest Preserves remained open throughout the pandemic and saw firsthand how important nature is to the residents of Cook County, with visitor numbers jumping from an estimated 62 million visits per year to 100 million during this time. ARPA funds support the Forest Preserves mission in providing access to nature to all residents of Cook County.
