

**FOREST PRESERVE DISTRICT OF COOK COUNTY  
BOARD OF COMMISSIONERS**

**Virtual Meeting**

**BOARD AGENDA**

**Tuesday, September 22, 2020, 10:00 AM**

**PUBLIC TESTIMONY**

Due to the current health crisis, there is no in-person participation for the County Board and Forest Preserve Board meetings. The President and Commissioners will participate remotely. The public can observe the livestream [https:// www.cookcountyil.gov/service/watch-live-board-proceedings](https://www.cookcountyil.gov/service/watch-live-board-proceedings)

The public can still testify to the Board Meetings. Only written comment will be accepted for those wishing to provide Public Testimony. Written comments provided prior to the start of the Board meeting will be read aloud at the meeting. Three minutes per comment will be allowed, though every effort will be made to read statements in their entirety. If you have additional material for the Board to consider, please email testimony to [cookcounty.board@cookcountyil.gov](mailto:cookcounty.board@cookcountyil.gov) and indicate a desire that your testimony be entered into the record. All written comment which complies with County Board Rules will be posted online or Forest Preserve District Legislative site.

**PRESIDENT**

**Sponsored by:** TONI PRECKWINKLE (President), Forest Preserve District of Cook County Board of Commissioners

**PROPOSED ORDINANCE AMENDMENT****PUBLIC UTILITIES**

**BE IT ORDAINED**, by the Board of Commissioners of the Forest Preserve District of Cook County, that Title 5, Public Utilities, Chapter 2, Franchises, Sections 5-2A-5 (Tree Mitigation) and 5-2B-5 (Tree Mitigation) of the Forest Preserve District of Cook County Code is hereby amended as follows:

\*\*\*

**Sec. 5-2A-5. Tree Mitigation.**

In accordance with the District's Tree Mitigation Plan adopted by the Forest Preserve District of Cook County Board of Commissioners on March 21, 2007 and as amended from time to time by the Board, an applicant for a license pursuant to Section 5-2A-1 shall include in its plan a survey indicating the species, size, and geospatial location of each live or dead tree to be removed and the proposed timeframe for removal, and designating plots across the proposed project corridor detailing concentrations of coarse woody debris to be impacted by the requested license. The District shall use this information to determine the total tree mitigation fee that shall be paid by the licensee.

~~All plans submitted will include a listing of all trees over four (4) inches in diameter breast height (DBH) that will be removed from FPD property as a result of construction of the proposed facilities. This list will include the DBH, common name, and species name for each tree to be~~

~~removed. Plans will also indicate the location of the trees to be removed, identity of each individual tree and indicate that it is to be removed by showing an "X" through the tree symbol on the plans. The FPD will use this information to determine the tree mitigation fee using the FPD's tree mitigation plan as adopted by the Board of Forest Preserve District Commissioners on March 21, 2007, and as further amended by the Forest Preserve District Board of Commissioners.~~

\*\*\*

**Sec. 5-2B-5. Tree Mitigation.**

In accordance with the District's Tree Mitigation Plan adopted by the Forest Preserve District of Cook County Board of Commissioners on March 21, 2007 and as amended from time to time by the Board, an applicant for a license pursuant to Section 5-2B-1 shall include in its plan a survey indicating the species, size, and geospatial location of each live or dead tree to be removed and the proposed timeframe for removal, and designating plots across the proposed project corridor detailing concentrations of coarse woody debris to be impacted by the requested license. The District shall use this information to determine the total tree mitigation fee that shall be paid by the licensee.

~~All plans submitted will include a listing of all trees over four (4) inches in diameter breast height (DBH) that will be removed from FPD property as a result of construction of the proposed facilities. This list will include the DBH, common name, and species name for each tree to be removed. Plans will also indicate the location of the trees to be removed, identity of each individual tree and indicate that it is to be removed by showing an "X" through the tree symbol on the plans. The FPD will use this information to determine the tree mitigation fee using the FPD's tree mitigation plan as adopted by the Board of Forest Preserve District Commissioners on March 21, 2007, and as further amended by the Forest Preserve District Board of Commissioners.~~

\*\*\*

**Effective date:** This ordinance shall be in effect as of November 1, 2020.

**OFFICE OF THE GENERAL SUPERINTENDENT**

[20-0279](#)

**Presented by:** ARNOLD RANDALL, General Superintendent

**PROPOSED RESOLUTION**

**TO APPROVE AND ADOPT AN AMENDED TREE MITIGATION PLAN**

**WHEREAS**, on March 21, 2007, the Board of Commissioners approved the Forest Preserves of Cook County (the "Forest Preserves") Tree Mitigation Plan; and

**WHEREAS**, on September 13, 2016, the Forest Preserves Board of Commissioners approved an amendment to the Tree Mitigation Plan per Board Items #16-0233 and #16-0308; and

**WHEREAS**, the Forest Preserves utilizes the Tree Mitigation Plan as a tool to determine the value of trees that are lost due to the issuance of licenses affecting Forest Preserves property; and

**WHEREAS**, proposed amendments to the Tree Mitigation Plan allow the Forest Preserves to more accurately ascertain impacts to Forest Preserves resources resulting from land use requests by external entities, compensate the Forest Preserves for those impacts more appropriately according to recognized industry standards, and clarify procedural steps required for application of the Tree Mitigation Plan; and

**WHEREAS**, proposed changes include: 1) the addition of mitigation requirements for dead trees and downed coarse woody debris within the construction zone, and 2) adjustments to the formulae used to affix values to live trees; and

**WHEREAS**, the current Tree Mitigation Plan requires license applicants only to mitigate removal of live trees and does not account for dead trees or coarse woody debris. Incorporating these elements into the Tree Mitigation Plan assigns a value to the ecosystem benefits provided by these resources - as habitat for flora and fauna as well as crucial components of soil regeneration and nutrient recycling - and allows the Forest Preserves to receive compensation for their loss; and

**WHEREAS**, the proposed revised plan increases the multiplier assigned to a tree's location rating in the valuation formula to distinguish between trees removed from a standard preserve and those from designated Illinois Nature Preserves or Land and Water Reserves, which represent some of the highest quality ecosystems in our State. This increase better reflects the true value of trees within a natural landscape and reinforces the Forest Preserves' stance as a conservation organization; and

**WHEREAS**, proposed additional changes include accommodations for deferred tree removals and projects with extended timelines, and provide for the periodic reassessment of tree mitigation fees in accordance with the Consumer Price Index and published industry market rates; and

**WHEREAS**, revenue generated through tree mitigation is utilized to support ecological restoration within the Forest Preserves.

**NOW, THEREFORE, BE IT RESOLVED**, by Toni Preckwinkle, President, and the Board of Commissioners of the Forest Preserves of Cook County that the proposed amended Tree Mitigation Plan, which includes the ability of the Forest Preserves to periodically reassess or increase fees, is hereby

adopted by resolution and shall be effective beginning November 1, 2020.

**BE IT FURTHER RESOLVED**, that the Forest Preserves shall immediately publish on its website the amended Tree Mitigation Plan as adopted by the Board.

**PROPOSED CONTRACT AMENDMENT**

**Department(s):** Department of Permits, Rentals and Concessions

**Vendor:** L.L. BEAN, Freeport, Maine

**Request:** Authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to extend contract

**Good(s) or Service(s):** Recreational classes

**Original Contract Period:** 1/1/2017 - 1/1/2020 including two (2) one-year extension options

**Proposed Contract Period Extension:** 1/2/2020 (retroactive) - 12/31/2020 with a one-year optional extension to be exercised at the discretion of the General Superintendent

**Total Current Contract Amount Authority:** N/A (Revenue Generating)

**Original Approval:** 11/15/2016

**Previous Increase(s):** N/A

**This Increase Requested:** N/A

**Estimated Fiscal Impact:** \$10,000.00 (Revenue Generating)

**Accounts:** Corporate Concession Revenue 51001.411317

**Contract Number(s):** N/A

**Concurrences:**

The Chief Financial Officer has approved this item. Final amendment is subject to legal review and approval.

**District(s):** Districtwide

**Summary:** This proposed contract modification allows L.L. BEAN to continue providing outdoor recreation and nature-based activities including hiking, biking, camping, archery, and snowshoeing and to serve as a partner at Forest Preserves hosted events. In lieu of permit fees, L.L. BEAN will compensate the Forest Preserves with 20% of all registration fees collected from their participants for all courses conducted in the Forest Preserves. The Forest Preserves has received \$17,297.21 since the start of this agreement. Participants of L.L. BEAN courses will also receive extensive environmental education to promote awareness of the Forest Preserves and their positive impact on communities and quality of life. Final amendment to extend the contract is subject to legal review and approval. While L.L. Bean has conducted several events in August of 2020 via permit, it has not conducted recreational classes under this contract in 2020 (due to the COVID-19 pandemic). L.L. BEAN anticipates resuming operations under this contract in September of 2020.

**PROPOSED PARTNERSHIP AGREEMENT**

**Request:** Requesting authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to enter into a Partnership Agreement with Chicago Department of Public Health, Chicago, Illinois; Chicago Metropolitan Agency for Planning, Chicago, Illinois; Chicago Park District, Chicago, Illinois; Illinois Arborist Association, Antioch, Illinois; Illinois Green Industry Association, Springfield, Illinois; Illinois Landscape Contractors Association, Oakbrook, Illinois; Metropolitan Mayors Caucus, Chicago, Illinois; Metropolitan Water Reclamation District, Chicago, Illinois; The Morton Arboretum, Lisle, Illinois; Openlands, Chicago, Illinois; The Nature Conservancy, Chicago, Illinois; TREE Fund, Naperville, Illinois; and the United States Forest Service. Additional entities who wish to participate may be added to the partnership agreement at the discretion of the General Superintendent.

**Reason:** The Forest Preserves desires authorization to enter into a Memorandum of Understanding (“MOU”) to collaborate on the implementation of the Chicago Region Trees Initiative Master Plan.

The Forest Preserves of Cook County is a lead partner and a member of the Executive Advisory Council of the Chicago Region Trees Initiative (“CRTI”), a partnership of over 90 organizations and agencies committed to leveraging their knowledge, resources, and expertise to build a healthier, more diverse regional forest. The CRTI identifies issues facing trees and coordinates action to ensure that the region’s trees and forests are healthier, more abundant, more diverse, and more equitably distributed to provide needed benefits to the people and communities of the Chicago metropolitan region.

To that end, the Chicago Region Trees Initiative Master Plan (“Plan”) has established overarching goals

focused on inspiring people to value trees, increase the Chicago region's tree canopy, reduce threats to trees, and enhance oak ecosystems by 2050. The Plan has been developed to coincide with and support individual stakeholder needs, goals, and strategies to create a more resilient urban forest.

The proposed MOU affirms the Forest Preserves' commitment to support the vision of the CRTI and the CRTI Master Plan through continued information sharing and leadership, to the extent that it coincides with the mission of the Forest Preserves. Projects that require the Forest Preserves to expend funds will either be brought to the Forest Preserves' Board of Commissioners for approval or separately contracted for in accordance with the Forest Preserves' Procurement Code.

**Contract period:** Five (5) year initial term, with continuous five (5) year renewals to be exercised at the discretion of the General Superintendent. In no event will the contract extend beyond 12/31/2050. Mutual agreement is specified for early termination.

**Fiscal Impact:** N/A

**Account(s):** N/A

**Concurrences:**

The Chief Financial Officer and Chief Attorney have approved this item.

**Presented by:** ARNOLD RANDALL, General Superintendent

**PROPOSED PARTNERSHIP AGREEMENT**

**Request:** Requesting authorization for the Forest Preserves of Cook County (the "Forest Preserves") to enter into a Partnership Agreement with Friends of the Chicago River, Chicago, Illinois.

**Reason:** Friends of the Chicago River has received a grant from the National Fish & Wildlife Foundation via the Chi-Cal Rivers Fund in the amount of \$272,783.00 to support a second phase of restoration along Crooked Creek, a tributary of the Cal-Sag Channel located within the Palos-Sag Valley region of the Forest Preserves in southwest Cook County. The Forest Preserves proposes to provide an amount not-to-exceed \$250,000.00 in direct match towards completion of this project.

The project will restore the waterway's natural system of infiltration by removing invasive plants across 189 acres and allowing native plants to enhance absorbance. This will lead to improved water quality, decreased storm water volume entering Crooked Creek, and improved habitat for wildlife. This project leverages \$492,668.96 in previous grant-related work dedicated to this waterway (Agenda Item 19-0118).

Total budget costs for this project are \$522,783.00, of which the Forest Preserves proposes to contribute \$250,000.00 in cash match representing an approximate 48% match. This match is being partially met through brush clearing work at White Oak Woods and Pioneer Woods throughout 2020-2023.

**Contract period:** Date of execution - 12/1/2023

**Fiscal Impact:** Not to exceed \$250,000.00 in direct match

**Account(s):** Professional Services 51058.520830, 51051.520830, 51028.520830 and all future Professional Services; Special or Co-op Programs 51058.521313, 51051.521313, 51028.521313 and all future Special or Co-op Programs; and Grant and Mitigation 51010.521444

**Concurrences:**

The Chief Financial Officer has approved this item. Final agreement is subject to legal review and approval.

[20-0319](#)

**Presented by:** ARNOLD RANDALL, General Superintendent

**PROPOSED PARTNERSHIP AGREEMENT**

**Request:** Requesting authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to enter into a Partnership Agreement with the Nazurus Foundation, Chicago, Illinois.

**Reason:** The Forest Preserves desires to partner with the Nazurus Foundation to facilitate ecological restoration in the Palos preserves in southwest Cook County. Time and resources contributed by the Nazurus Foundation will be used generally for restoration activities, approved by the Forest Preserves, including but not limited to invasive species control, brush removal, herbicide application, and native seed dispersal at various sites. The Nazurus Foundation plans to contribute services valued at up to \$50,000.00 per year, at no cost to the Forest Preserves.

The work conducted by the Nazurus Foundation will supplement work being done by the Forest Preserves in the Palos region to connect restored sites together, improving habitat connectivity and bolstering the Forest Preserves’ effectiveness. They will also assist with follow-up treatments/maintenance of locations where work was previously completed, ensuring the longevity of restoration projects. Funding and contractual management services will be provided by the Foundation, at no direct cost to the Forest Preserves.

The Nazurus Foundation has a mission to partner with local governments and not-for-profit organizations in the southwest Chicagoland region to preserve and restore the native biodiversity of natural lands. The

Forest Preserves wishes to partner with the Nazurus Foundation to assist in coordinating the proposed restoration activities. All projects will be subject to review and approval by the Forest Preserves prior to proceeding.

**Contract period:** Date of execution - 12/31/2025

**Fiscal Impact:** N/A. The Forest Preserves may provide in-kind staff support for the planning, implementation, and monitoring of projects.

**Account(s):** N/A

**Concurrences:**

The Chief Financial Officer has approved this item. Final agreement is subject to legal review and approval.

**District(s):** 17

[20-0315](#)

**Presented by:** ARNOLD RANDALL, General Superintendent

**PROPOSED GRANT AWARD AMENDMENT**

**Department:** Department of Conservation and Experiential Programming

**Grantee:** Forest Preserves of Cook County (the "Forest Preserves")

**Grantor:** Illinois Department of Natural Resources

**Request:** Authorization to extend the grant period

**Purpose:** Authorization is sought for the Forest Preserves to extend the grant period of a previously approved federal grant of \$100,000.00 through the Coastal Management Program (CMP) from the Illinois Department of Natural Resources to support development of a Conservation and Youth Outdoor Ambassador crew at Beaubien Woods located in the City of Chicago. The grant extension was requested due to COVID-19 restrictions which prevented the Forest Preserves from safely implementing the project during the spring and summer of 2020.

**Supplemental Grant Amount:** N/A

**Grant Period:** 4/30/2020 - 5/1/2021

**Extension Period:** 5/2/2021 - 5/1/2022

**Fiscal Impact:** N/A

**Accounts:** N/A

**Date of Previous Board Authorization for Grant:** 2/25/2020 (Agenda Item 20-0114)

**Previous Grant Amount:** \$100,000.00 with a not to exceed match of \$102,380.00 (\$90,380.00 in-kind match plus \$12,000.00 in anticipated additional grant funds)

**Concurrences:**

The Chief Financial Officer has approved this item. Final amendment is subject to legal review and approval.

**District(s):** 4, 5

**Summary:** Due to COVID-19 the Forest Preserves was not able to safely conduct the Beaubien Woods Conservation and Youth Outdoor Ambassador program in 2020. The program will be conducted in partnership with Friends of the Forest Preserves who will hire teens, ages 14-19, from the surrounding residential communities, to engage in a paid employment program. Hired teens will focus on leading educational and recreational activities that highlight the unique ecological assets of Beaubien Woods and the Calumet River. This project is anticipated to begin in the fall of 2020. The total project cost is \$202,380.00. Final amendment is subject to legal review and approval.

[20-0318](#)

**Presented by:** ARNOLD RANDALL, General Superintendent

**PROPOSED GRANT AWARD RENEWAL**

**Department:** Department of Resource Management

**Grantee:** Forest Preserves of Cook County (the "Forest Preserves")

**Grantor:** The Nature Conservancy via the National Fish and Wildlife Foundation

**Request:** Authorization to renew grant

**Purpose:** To provide additional time to complete Millennium Reserve Phase III grant activities, utilizing funds from The Nature Conservancy through the National Fish and Wildlife Foundation's Save Our Great Lakes Program in support of habitat restoration at Thornton-Lansing Road Nature Preserve in Lansing

and other sites within the Calumet region. This renewal is for an extension in time only; there is no additional cost or adjustment to the award amount.

**Grant Amount:** \$170,000.00, per the original award. There is no additional grant funding associated with the renewal.

**Grant Period:** 3/19/2019 - 11/30/2020 originally; proposed extension 12/1/2020 - 9/30/2021

**Fiscal Impact:** \$170,000.00 match, per the original award. There is no additional cost associated with the renewal.

**Accounts:** Professional Services 51058.520830, 51051.520830, 51028.520830 and all future Professional Services; Special or Co-op Programs 51058.521313, 51051.521313, 51028.521313 and all future Special or Co-op Programs; Grant Match and Work Fund 51009.521440; Grant and Mitigation 51010.521444

**Most Recent Date of Board Authorization for Grant:** 9/11/2018

**Most Recent Grant Amount:** \$170,000.00

**Concurrences:**

The Chief Financial Officer has approved this item. Final renewal amendment is subject to legal review and approval.

**District(s):** 4, 6

**Summary:** On 9/11/2018, the Forest Preserves' Board of Commissioners approved the acceptance of grant funding from The Nature Conservancy via the National Fish and Wildlife Foundation to restore coastal wetlands in the Calumet region (Board Item #18-0340). The Forest Preserves were sub-awarded a portion of these funds to complete 56 acres of wetland restoration at Thornton-Lansing Road Nature Preserve in south Cook County, in addition to 18 acres of wetland swale and adjacent upland habitat at Powderhorn Prairie and Marsh Nature Preserve in Burnham.

A no-cost extension of the grant is being requested to allow for remaining restoration tasks to be completed under suitable conditions to minimize impacts to the surrounding landscape, and facilitate supplemental monitoring activities. Total project costs for the Forest Preserves' portion of the project are \$340,000.00, with a 50/50 match contribution by each partner.

**PROPOSED GRANT AWARD**

**Department:** Department of Resource Management

**Grantee:** Forest Preserves of Cook County (the “Forest Preserves”)

**Grantor:** Forest Preserve Foundation

**Request:** Authorization to accept grant and to enter into agreement

**Purpose:** Resilient Communities Program for ecological restoration at Sweet Woods

**Grant Amount:** \$252,500.00

**Grant Period:** Date of execution - 10/10/2022

**Fiscal Impact:** \$325,000.00 match

**Accounts:** Professional Services 51058.520830, 51051.520830, 51028.520830 and all future Professional Services; Special or Co-op Programs 51058.521313, 51051.521313, 51028.521313 and all future Special or Co-op Programs; Grant and Mitigation 51010.521444

**Concurrences:**

The Chief Financial Officer has approved this item. Final agreement is subject to legal review and approval.

**District(s):** 6

**Summary:** The Forest Preserve Foundation has received a \$325,000.00 Resilient Communities Program grant administered via a partnership between the National Fish and Wildlife Foundation and Wells Fargo. The Forest Preserves has been sub-awarded a portion of these funds to support 180 acres of ecological restoration at Sweet Woods preserve in the Village of Thornton in southeastern Cook County.

Sweet Woods is a rich woodland bisected by Thorn Creek. Restoration will include removal of invasive brush and herbaceous weeds from the dunes and floodplain of this preserve. This work builds on ongoing

restoration work at the adjacent Wampum Lake and Thornton-Lansing Road preserves.

The Resilient Communities Program is designed to prepare for future environmental challenges by enhancing community capacity to plan and implement resiliency projects and improve the protections afforded by natural ecosystems by investing in green infrastructure and other measures.

The Forest Preserves will receive \$252,500.00 in grant funds from the Forest Preserve Foundation, which plans to grant an additional \$40,000.00 to Greencorps Chicago for supplemental work to be conducted on Forest Preserves property. Total project cost for work dedicated to Forest Preserves property is \$617,500.00, of which the Forest Preserves proposes to contribute \$325,000.00 or an approximately 53% cash match. The grant award will require the execution of a grant agreement, which will be subject to legal review and approval.

#### **PROPOSED CONTRACT**

**Department(s):** Department of Resource Management

**Vendor:** Little Tykes Farm LLC, Woodstock, Illinois

**Request:** Authorization for the Forest Preserves of Cook County (the "Forest Preserves") to enter into and execute

**Good(s) or Service(s):** Hay farming at Spring Creek, Paul Douglas, Ned Brown Meadow, and Horizon Farms

**Contract Value:** \$9,009.00 (Revenue Generating)

**Contract period:** 9/22/2020 - 9/21/2021, with two (2) one-year renewal options to be exercised at the discretion of the General Superintendent.

**Estimated Fiscal Impact:** Revenue generation of up to \$9,009.00 over the three (3) year term

**Account(s):** Revenue Generating

**Contract Number(s):** Project #20RM 106-R issued under Solicitation #20-31-005734

#### **Concurrences:**

The Chief Financial Officer and Chief Attorney have approved this item.

**District(s): 15**

**Summary:** Historically, hay farming has taken place on land owned by the Forest Preserves. This practice allows the Forest Preserves to generate revenue, while simultaneously preventing invasive plant species from overtaking fallow land. It is the Forest Preserves’ intention to restore fallow land wherever possible and these farming practices are a good method to retain manageable conditions until a restoration project can take place on the site. The contract term for hay cutting is a period of one (1) year, with two (2) one-year renewal options to be exercised at the discretion of the General Superintendent. This allows the Forest Preserves an option to discontinue farming practices in order to restore these lands to a natural condition. Mowing activities are only permitted after August 1st each year to minimize disturbance of nesting birds.

Project #20RM 106 was originally issued under Solicitation #20-31-05331, but was rebid due to non-response. Little Tykes Farm LLC was the sole bidder and responsible bidder for the four (4) locations listed below for a total potential revenue generation over the next three (3) years of \$9,009.00. A restoration access permit was granted to Little Tykes Farm LLC for the initial mowing season in 2020. Final agreement is subject to legal review and approval.

<u>Site</u>	<u>Acres</u>	<u>Revenue</u>
Spring Creek	124 ac	\$1,860.00
Paul Douglas	181 ac	\$2,715.00
Ned Brown Meadow	123 ac	\$369.00
Horizon Farms	271 ac	\$4,065.00
<b>Total</b>	<b>699 ac</b>	<b>\$9,009.00</b>

**PROPOSED LICENSE AMENDMENT REQUEST**

**Request:** Requesting authorization for the Forest Preserves of Cook County (the “Forest Preserves”), as Licensor to amend a License to the Illinois State Archaeological Survey, Grantee, to locate, operate and maintain approximately 200 square feet of workspace in the property commonly known as Rolling Knolls Pavilion, 11N260 Rohrssen Road, Elgin, Illinois.

**Reason:** The Forest Preserves of Cook County Board of Commissioners approved the original License on May 21, 2019 (Board Item #19-0213). The Forest Preserves now seeks to amend the original License to permit overnight parking for one (1) vehicle at Rolling Knolls Pavilion, or one (1) of the following alternate locations to facilitate partnered operations:

- Northwest Resource Management, 640 Cosman Road, Elk Grove Village, Illinois
- Salt Creek Resource Management, 500 Ogden Avenue, Western Springs, Illinois

No other changes to the terms of the original License are being proposed.

**Term:** 10/7/2019 - 12/31/2022

**License Fee:** N/A

**License Application Fee:** N/A

**YELAR Fee:** N/A

**Tree Mitigation Fee:** N/A

**The area of the License is:** Approximately 200 square feet

**Concurrence(s):**

The Chief Financial Officer has approved this item. Final license amendment is subject to legal review and approval.

**This Increase Requested:** \$804,996.90

**Estimated Fiscal Impact:** FY 2021 \$200,000.00, FY 2022 \$283,935.30, FY 2023 \$294,456.80, FY 2024 \$305,544.80

**Accounts:** Professional Services 51001.520850

**Contract Number(s):** 18-40-425

**Concurrences:**

The Chief Financial Officer has approved this item. Final amendment is subject to legal review and approval.

**District(s):** 4, 9, 10, 15, 17

**Summary:** Due to restrictions enacted by the State of Illinois as a result of the COVID-19 pandemic, the Forest Preserves intends to reduce its indoor room rental offerings in 2021. Only the three (3) most frequently rented sites will be available for public use (Matthew Bieszczat Volunteer Resource Center, Thatcher Woods Pavilion, and Dan Ryan Woods Pavilion). Antares Golf Management, Inc. (formerly Billy Casper Golf) has agreed to reduce its management fee by 50% for 2021. The contract is also being extended by one (1) additional year to reflect this change.

**COMMITTEE ITEMS FOR DISCHARGE AND/OR IMMEDIATE CONSIDERATION**[20-0304](#)

**Sponsored by:** SCOTT R. BRITTON and DONNA MILLER, Forest Preserve District of Cook County Board of Commissioners

**PROPOSED RESOLUTION****IN SUPPORT OF THE TEN SHARED PRINCIPLES OF THE ILLINOIS ASSOCIATION OF CHIEFS OF POLICE AND THE ILLINOIS NAACP**

**WHEREAS**, Cook County has seen numerous peaceful protests against police brutality in response to the deaths of George Floyd, Breonna Taylor, Rayshard Brooks, and many others locally and across the nation; and

**WHEREAS**, a 2018 investigation by WBEZ and the Better Government Association found that of 113 shootings involving suburban police departments since 2005, no officers were charged criminally or faced disciplinary action; and

**WHEREAS**, according to the Chicago Tribune, from 2010 to 2015, Chicago Police Officers shot 262 people, killing 92, and with about four out of every five being African-American males; and

**WHEREAS**, this body unanimously approved Resolution 20-0161 in February 2020, in support that the Forest Preserves Police Department is a unique and valuable asset to the region and which should remain a separate and distinct police department, as it serves and protects visitors and almost 70,000 acres of natural lands and property - one of the largest public conservation districts in the United States - by upholding and enforcing all state, county, and Forest Preserves laws and ordinances, and acknowledging again that Forest Preserves officers are sworn officers who received additional training in conservation from the Illinois Department of Natural Resources and the Forest Preserves' Department of Resource Management, and archeological protection training from the Prairie Research Institute at the University of Illinois at Urbana-Champaign and perform a dual role: both the conventional duties of police officers and tasks and duties performed by conservation officers; and

**WHEREAS**, in response to historical and consistent incidents of police misuse of force, the Illinois NAACP State Conference and the Illinois Association of Chiefs of Police created the Ten Shared Principles to guide reforms that eliminate the disproportionate negative impacts of policing on people of color; and

**WHEREAS**, the Ten Shared Principles affirm the following principles regarding the relationship between law enforcement and the communities and people they serve in Illinois:

1. We value the life of every person and consider life to be the highest value.

2. All persons should be treated with dignity and respect. This is another foundational value.
3. We reject discrimination toward any person that is based on race, ethnicity, religion, color, nationality, immigrant status, sexual orientation, gender, disability, or familial status.
4. We endorse the six pillars in the report of the President's Task Force on 21st Century Policing. The first pillar is to build and rebuild trust through procedural justice, transparency, accountability, and honest recognition of past and present obstacles.
5. We endorse the four pillars of procedural justice, which are fairness, voice (i.e., an opportunity for citizens and police to believe they are heard), transparency, and impartiality.
6. We endorse the values inherent in community policing, which includes community partnerships involving law enforcement, engagement of police officers with residents outside of interaction specific to enforcement of laws, and problem-solving that is collaborative, not one-sided.
7. We believe that developing strong ongoing relationships between law enforcement and communities of color at the leadership level and street level will be the keys to diminishing and eliminating racial tension.
8. We believe that law enforcement and community leaders have a mutual responsibility to encourage all citizens to gain a better understanding and knowledge of the law to assist them in their interactions with law enforcement officers.
9. We support diversity in police departments and in the law enforcement profession. Law enforcement and communities have a mutual responsibility and should work together to make a concerted effort to recruit diverse police departments.
10. We believe de-escalation training should be required to ensure the safety of community members and officers. We endorse using de-escalation tactics to reduce the potential for confrontations that endanger law enforcement officers and community members; and the principle that human life should be taken only as a last resort; and

**WHEREAS**, the Ten Shared Principles asserts the importance of treating all persons with dignity and respect, and rejects discrimination toward any person on the basis of race, ethnicity, religion, color, nationality, immigrant status, sexual orientation, gender, disability, or familial status; and

**WHEREAS**, the Ten Shared Principles emphasizes building strong relationships between law enforcement and communities of color through transparency, accountability, and honest recognition of past and present obstacles; and

**WHEREAS**, the Ten Shared Principles mandates de-escalation training to ensure the safety of both community members and officers, and supports the principle that human life should be taken only as a last

resort; and

**WHEREAS**, the Ten Shared Principles resolves to replace mistrust with mutual trust wherever, whenever, and however possible; and

**WHEREAS**, this document is meant to support existing local and statewide efforts to eliminate police misconduct; and

**WHEREAS**, the Ten Shared Principles are a basis for improving relations between police officers and the residents they serve, creating a space for open dialogue, problem-solving that is collaborative, not one-sided; and

**WHEREAS**, nearly 200 police departments and law enforcement organizations have adopted the Ten Shared Principles since its inception in 2018; and

**WHEREAS**, Forest Preserves Chief of Police Sylvester Bush, as a member of the National Organization of Black Law Enforcement Executives, has supported the efforts of the Illinois Association of Chiefs of Police and the NAACP in efforts related to the Ten Shared Principles since 2018 and it is already guiding the Forest Preserves of Cook County Police.

**NOW, THEREFORE, BE IT RESOLVED**, that the Forest Preserves of Cook County Board of Commissioners does hereby supports and endorses the ideologies outlined in the Ten Shared Principles for the Forest Preserves of Cook County Police; and

**BE IT FURTHER RESOLVED**, the Forest Preserves of Cook County Board of Commissioners encourages the Cook County Sheriff's Office to also adopt these principles; and

**BE IT FURTHER RESOLVED**, the Forest Preserves of Cook County Board of Commissioners encourages all police departments to adopt these principles, and pledges to support police departments in pursuit of these principles.
