PROPOSED INTERGOVERNMENTAL AGREEMENT

Department: Department of Planning and Development

Other Part(ies): Village of Palatine, Illinois

Request: Authority for the Forest Preserves of Cook County (the “Forest Preserves”) to enter into an Intergovernmental Agreement (“IGA”) with the Village of Palatine, Illinois (“Palatine”).

Goods or Services: Palatine is requesting an IGA to construct and maintain a paved trail connection to the Deer Grove Trails from the intersection of Dundee Road and Smith Street just south of Deer Grove - East. The trail connection will be 540 linear feet in length. Palatine is seeking a license for 0.124 acres or 5,400 square feet (540 linear feet times the 10-foot requested license width).

Agreement Number(s): N/A

Agreement Period: Thirty (30) years, with successive automatic one (1) year renewal terms until terminated

Fiscal Impact: N/A

License Fee: \$21,407.02 (waived)

License Application Fees: \$3,500.00 (waived)

YELAR Fee: \$6,750.00 (waived)

Tree Mitigation Fee: \$5,305.29

Accounts: N/A

District(s): 14

Summary: The Forest Preserves operates and maintains the Deer Grove Trails in Northwestern Cook County. Palatine proposes to construct a trail connection to connect users coming from the Dundee Road and Smith Street intersection to the trail. Palatine will be responsible for design, construction and future maintenance costs associated with the project. Three (3) trees are proposed to be removed during construction at a cost to Palatine of \$5,305.29. The license fee, license application fee, and the YELAR fee will be waived, per the Forest Preserves’ practice for trail connection project requests from municipalities. There is no cost to the Forest Preserves. The IGA constitutes a license for Palatine to construct and maintain the trail for thirty (30) years, followed by successive one (1) year automatic renewal terms until terminated by either party. Final agreement is subject to legal review and approval.

PROPOSED INTERGOVERNMENTAL AGREEMENT AMENDMENT

Department: Department of Finance and Administration

Other Part(ies): Cook County Government, Chicago, Illinois

Request: Authorization to enter into the Tenth Amended and Restated Intergovernmental Agreement between the County of Cook (the “County”) and the Forest Preserves of Cook County (the “Forest Preserves”) for the reimbursement or payment for certain services rendered by various County departments and by the Forest Preserves.

Goods or Services: The County and the Forest Preserves wish to amend and restate the recently approved Ninth Amended and Restated Intergovernmental Agreement (approved by their respective Boards of Commissioners on 1/26/2021 and 1/28/2021 for FY2021) whereby they provide various services for each other.

Agreement Number: N/A

Agreement Period: 1/1/2022 - 12/31/2022

Fiscal Impact: Not to Exceed \$2,103,624 in expenditures and \$1,567,452 in revenue

Accounts: Various districtwide corporate expenditure and revenue accounts

District(s): Districtwide

Summary: The County and the Forest Preserves entered into an Intergovernmental Agreement on 8/21/2012 authorizing the parties to perform various services for the other, in accordance with the Intergovernmental Cooperation Act. The parties agreed to provide various services and to provide reimbursement or payment for said services. The Intergovernmental Agreement was further amended on 4/25/2013, 6/18/2014, 9/8/2015, 11/15/2016, 6/6/2017, 4/25/2018, 9/26/2018, 2/21/2019, 10/22/2020 and 1/28/2021 to allow for additional cooperation. The Tenth Amended and Restated Intergovernmental Agreement consolidates the prior agreements into one Intergovernmental Agreement, so the parties can refer to one agreement, and this document also contains additional services and reimbursements for FY2022. This is a one-year agreement covering services and reimbursements from January 1, 2022 to December 31, 2022.

PROPOSED INTERGOVERNMENTAL AGREEMENT

Department: Department of Resource Management

Other Part(ies): Illinois Department of Natural Resources (“IDNR”), Springfield, Illinois

Request: Authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to enter into an Intergovernmental Agreement with the IDNR

Goods or Services: Establishing a reciprocal right of entry between the IDNR and the Forest Preserves to facilitate construction, maintenance, and cooperative monitoring activities associated with the installation of a water control structure and fish passage system.

Agreement Number(s): N/A

Agreement Period: Twenty (20) years from date of execution

Fiscal Impact: N/A

Accounts: N/A

District(s): 4

Summary: The IDNR and the Forest Preserves previously collaborated to design a water control and fish passage system connecting the IDNR-owned William Powers-Wolf Lake property to the Forest Preserves’ Powderhorn Lake. Funding to complete the engineering design and construction for the project was obtained through a grant from Audubon via the National Oceanic and Atmospheric Administration (Board Item No. 20-0169 and Board Item No. 21-0451).

The proposed IGA will provide access and right of entry to the Forest Preserves and its authorized contractors for the construction, operation and maintenance of the portion of the water conveyance that traverses IDNR property. The IGA is also intended to facilitate: (1) reciprocal access by the IDNR and the Forest Preserves to each property for maintenance activities and invasive species removal, (2) installation of project signage at each property, (3) cooperative monitoring and enforcement of public

access areas adjacent to the outfalls, and (4) cooperative biological monitoring of fish and other aquatic resources. This agreement calls for no direct cost to the Forest Preserves. Final agreement is subject to legal review and approval.

PROPOSED GRANT AWARD AMENDMENT

Department: Department of Resource Management

Grantee: Forest Preserves of Cook County (the “Forest Preserves”)

Grantor: Audubon Great Lakes (“Audubon”), New York, New York

Request: Authorization to increase grant amount

Purpose: Authorization is sought for the Forest Preserves to accept additional funding related to a previously-approved grant executed in partnership with Audubon via the National Oceanic and Atmospheric Administration for the purpose of finalizing the design, permitting, and construction of a water control and fish passage system at Powderhorn Lake in Chicago. Costs have exceeded the original grant amount; subsequently, Audubon wishes to contribute additional funding towards completion of the project.

Supplemental Grant Amount: Not to exceed \$165,000.00

Grant Period: 5/6/2020 - 7/31/2022

Extension Period: N/A

Fiscal Impact: N/A (Should the proposed additional funding be accepted, all remaining construction costs are expected to be fully grant-funded.)

Accounts: Grant and Mitigation 51010.521314

Date of Previous Board Authorization for Grant: 5/1/2020 (Board Item No. 20-0169)

Previous Grant Amount: \$807,290.00

Concurrences:

The Chief Financial Officer has approved this item. Final amendment is subject to legal review and approval.

District(s): 4

Summary: On 5/1/2020, the Forest Preserves of Cook County Board of Commissioners authorized the Forest Preserves to accept a \$807,290.00 federal grant from Audubon via the National Oceanic and Atmospheric Administration to complete the design, permitting, and construction of a water control and fish passage system at Powderhorn Lake. The scope of the grant includes completion of the engineering design and construction of a water control/fish passage system to connect Powderhorn Lake to Wolf Lake, thereby restoring natural water levels to Powderhorn Lake and adjacent wetlands.

Engineering design and construction services were solicited and approved per Board Item No. 20-0170 and Board Item No. 21-0356, respectively. A majority of the project has already been paid for utilizing grant funding. Audubon is proposing to cover up to \$165,000.00 for additional remaining costs related to construction and final permitting.

Total project costs anticipated to be covered in full by the original grant amount in combination with the proposed supplemental increase are \$972,290.00. Work to-date and moving forward will be conducted at no direct cost to the Forest Preserves, which has provided in-kind staff support for the planning, implementation, and monitoring of the project.

PROPOSED AGREEMENT

Vendor: Indiana Harbor Belt Railroad Company (“IHBRC”), Hammond, Indiana

Request: Requesting authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to enter into a license agreement with IHBRC for installation and maintenance of water conveyance infrastructure on IHBRC property.

Reason: The Forest Preserves is proposing to enter into a License Agreement with IHBRC to provide access and right of entry to the Forest Preserves and its authorized contractors for the construction, operation and maintenance of a section of 24-inch storm sewer outlet pipe under IHBRC property. This work is associated with a grant-funded project to install a water control structure and fish passage system at Powderhorn Lake (Board Item No. 20-0169 and Board Item No. 21-0451), a portion of which

transverses land owned by the railroad. The Forest Preserves will complete the proposed work and assume future maintenance responsibility for the pipe in accordance with the approved construction plans.

Contract Period: Date of execution - 5/31/2036, with continuous automatic renewals unless cancelled by either party.

Estimated Fiscal Impact: \$1,000.00 one-time licensing fee

Account(s): Grant and Mitigation 51010.521314 and 51010.521444

PROPOSED PARTNERSHIP AGREEMENT

Request: Requesting authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to enter into a Partnership Agreement with Openlands, Chicago, Illinois.

Reason: Openlands has received a \$400,000.00 grant from the Walder Foundation in support of ecological restoration and the build-out of a community-designed gathering space at Beaubien Woods. The project will involve a 20-acre prairie restoration on the west side of the access road to the Beaubien Woods boat launch, removal of 1 acre of invasive brush surrounding a connector path providing access from Carver Military Academy to Flatfoot Lake, and several off-site restorations intended to create access and preserve riverfront open spaces along the Little Calumet River.

The project’s community-designed gathering space in Beaubien Woods is being designed by the Field Museum and a team of community curators with funding provided through the Illinois Coastal Management Program. The design is anticipated to be complete by the end of 2021 and is based on a regional model to create meaningful, long-term connections with natural places.

A majority of the work will be conducted on Forest Preserves property, at no direct cost to the Forest Preserves. This project builds on plans developed by the Forest Preserves, local communities, and several other governmental organizations and nonprofits to create inviting and culturally relevant access to nature and the Little Calumet River in a way that fosters a healthy community.

Contract Period: Twenty-four (24) months from date of execution

Fiscal Impact: N/A. The project will be conducted at no direct cost to the Forest Preserves, which may provide in-kind staff support for the planning, implementation, and monitoring of the projects.

Account(s): Grant and Mitigation 51010.521314 and 51010.521444

PROPOSED PARTNERSHIP AGREEMENT

Request: Requesting authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to enter into a Partnership Agreement with 2110 44th Road, LLC d/b/a Bee All About It, Villa Park, Illinois.

Reason: Bee All About It, located in Cook County, is a local company engaged in many aspects of beekeeping. Since early 2021, Bee All About It has maintained approximately eight (8) beehives at the River Trail Nature Center on a volunteer basis. The hives are primarily occupied by honeybees which cohabitate well in the environment with native bees and other pollinators. The Forest Preserves now seeks to formalize its relationship with Bee All About It. Under the proposed partnership agreement, Bee All About It will continue to manage the hives and will be reimbursed by the Forest Preserves up to \$1,000.00 annually for supplies purchased in connection with the hives and beekeeping, not including the bees. Additionally, Bee All About It will collect, bottle and sell the honey from the hives, paying ten (10) percent of the sales revenue to the Forest Preserves. Bee All About It will also provide classes and workshops related to bees, pollinators and beekeeping to Forest Preserves visitors at the River Trail Nature Center.

Contract Period: 10/5/2021 - 10/31/2024 with two (2) one-year extension options to be exercised at the discretion of the General Superintendent.

Fiscal Impact: Up to \$1,000.00 per year, not to exceed \$5,000.00 over five (5) year term. This amount is anticipated to be offset by revenue generation under the agreement.

PROPOSED AGREEMENT

Vendor: Wireless EDGE Towers II, LLC, Rhinebeck, New York

Request: Requesting authorization for the Forest Preserves of Cook County (the “Forest Preserves”) to enter into an agreement

Reason: The Forest Preserves desires to engage a Communication Tower Manager to perform certain marketing, site evaluation and development, sublicensing, revenue collection, and other related site management services related to the use of Forest Preserves property by the commercial wireless telecommunication industry.

To accomplish this goal, the Forest Preserves issued a Request for Proposals for permitting, site development, preparation, erection, installation, and maintenance of a small footprint, self-supporting, stealth communication tower and related cellular telephone communication equipment at multiple sites. Wireless EDGE Towers II, LLC (“Wireless Edge”) was deemed to be the most responsive out of two (2) total respondents.

Under the proposed contract, Wireless Edge will market space for wireless carriers to install antennae on cell towers at locations that have been preapproved by the internal Forest Preserves Land Use Committee. Wireless Edge then intends to subsequently enter separate, twenty-five (25) year license agreements with the Forest Preserves, subject to approval of the Forest Preserves Board of Commissioners, for the construction of the cell towers at preapproved locations. The towers will be owned by Wireless Edge. Wireless Edge will pay revenue to the Forest Preserves under both the proposed agreement and any future licenses for individual sites. Wireless Edge will receive compensation directly from carriers through sublicense agreements to be negotiated between the carriers and Wireless Edge. Wireless Edge will oversee construction and installation by its contractors and sublicensees, and will have access to the designated sites twenty-four (24) hours per day, seven (7) days per week.

The terms, conditions, and procedures of the Forest Preserves’ licensing ordinances found at Title 5 (Public Utilities) and any other applicable licensing provisions of the Forest Preserves Code of Ordinances may be waived in whole or in part by the Forest Preserves with respect to the proposed agreement. The Forest Preserves would enter into the proposed agreement not in its regulatory capacity but in its proprietary capacity as a market participant. In the highly regulated arena of wireless communications, however, state and federal law may in some instances supersede contractual provisions with respect to the wireless facilities once installed.

Wireless Edge will indemnify the Forest Preserves for any claims arising from its performance of the

agreement and will maintain insurance policies naming the Forest Preserves as an additional insured. The proposed agreement cannot be unilaterally terminated by the Forest Preserves without cause.

Contract Period: Five (5) years from the date of execution with a five-year optional extension

Estimated Fiscal Impact: (Revenue Generating)

Wireless Edge has agreed to pay the following:

Agreement Signing Bonus: \$20,000.00

Agreement Extension Term Signing Bonus: \$25,000.00

Each Tower License

Lump Sum Payment - Tower Licensee Bonus: \$5,000.00

Lump Sum Payment - Tower Permit Bonus: \$20,000.00

Annual Sublicense Fee (Co-location License Fee): Greater of \$31,914.00 increased by 3% compounded annually on each anniversary of the effective date or 50% of revenue

Narrowband (Public Service) Revenue Share: 50%

Account(s): N/A (Revenue Generating)

PROPOSED AGREEMENT

Vendor: United Scrap Metal, Inc., Cicero, Illinois

Request: Requesting authorization for the Forest Preserves of Cook County (the "Forest Preserves") to enter into an agreement

Reason: The Forest Preserves is requesting to piggyback off Cook County's contract #1645-15743 with United Scrap Metal, Inc. for metal collections and recycling at the Central Maintenance Compound, 2199 S. 1st Ave, Maywood, Illinois. United Scrap Metal, Inc. will be responsible for hauling and recycling scrap ferrous and non-ferrous metal collected throughout the Forest Preserves. The anticipated revenue from the proposed contract will be used to partially offset costs incurred to address the fly dumping of metals in the Forest Preserves.

Contract Period: 10/5/2021 - 5/21/2022

Estimated Fiscal Impact: N/A (Revenue Generating). Revenue generation will be based on a percentage of the monthly steel prices set by the American Metal Market (AMM).

Account(s): N/A (Revenue Generating)

Estimated Fiscal Impact: \$167,490.00

Accounts: Professional Services 51009.520830, 51010.520830, 51029.520830, 51051.520830, and 51030.520830

Contract Number(s): #74000009733 issued under Project #21-80-28

Summary: Caldwell Woods is part of the Caldwell Preserves, one (1) of twelve (12) priority gateway sites that are the focus of planning and improvements to welcome visitors and improve access and wayfinding. Planning meetings in 2015 identified the need to activate and repurpose the existing Caldwell Woods Warming Shelter into a year-round facility. A \$1.2 million grant from the Illinois Department of Natural Resources (IDNR) Park and Recreational Facility Construction Grant Program (PARC) will provide 75% of the estimated cost to convert the building to a "Welcome & Wellness Center" and

improve access, landscaping and information signage.

Building renovations would include a new entrance, new welcome desk, redesigned and refreshed interior spaces, and energy-efficient lighting and HVAC system replacements. Site enhancements would include access improvements, outdoor gathering spaces, and signage.

Ten (10) firms submitted proposals. A selection committee reviewed the proposals and found AltusWorks, Inc to be the most responsive.
