I am hoping for the best for Rocky. I believe this would be the Colorado sanctuary where he can be with others of his kind and enjoy more space. I doubt that he chose to be an ambassador isolated in a cage. Human ambassadors live in luxury! People do not learn about nature by observing an animal in a cage suffering from anxiety, necessitating tranquilizers. That is a totally unnatural situation. Children are learning how to treat animals inhumanely when they see Rocky in his cage.

#FreeRocky

Thank you,

Wendy Hollis
