Tax collection for the pension fund has not yet increased to meet 2024 obligations. This became apparent after first quarter 2024.

How was the account used for the source of transferred funds identified? List any other accounts that were also considered (but not used) as the source of the transferred funds.

It was determined there was sufficient available Corporate Fund Balance.

Identify any projects, purchases, programs, contracts, or other obligations that will be deferred, delayed, or canceled as a result of the reduction in available spending authority that will result in the account that funds are transferred from.

No projects, purchases, programs, contracts, or other obligations will be deferred, delayed, or canceled as a result of the transfer of funds.

If the answer to the above question is "none" then please explain why this account was originally budgeted in a manner that caused an unobligated surplus to develop at this point in the fiscal year.

The fund developed a surplus of funding due to turnover and revenues exceeding budgeted expectations.
