Summary: A new sole source contract is needed to complete final steel work for a treehouse at the Dan Ryan Woods nature play area. Contract 17-80-10C1-R was awarded to Kee Construction LLC on 12/12/2017 for \$1,137,794.00 to construct a nature play area, sledding hill fitness stairs and other site improvements at Dan Ryan Woods. More than 90% of the work is now complete, and the Forest Preserves is now seeking to contract directly with the steel supplier to complete remaining steel work, including painting and installation of guardrails. D&M Welding, Inc. is uniquely qualified to expediently complete remaining work.
