

Legislation Details (With Text)

File #:	19-0372	Version:	1	Name:	Illinois Department of Natural Resources ("IDNR")
Type:	Grant Application Authorization Request	Status:			Approved
File created:	9/5/2019	In control:			FPD Board of Commissioners
On agenda:	9/24/2019	Final action:			9/24/2019
Title:	PROPOSED GRANT APPLICATION AND ACCEPTANCE AUTHORIZATION REQUEST				

Department: Department of Planning and Development

Grantee: Forest Preserves of Cook County (the "Forest Preserves")

Grantor: Illinois Department of Natural Resources ("IDNR")

Request: Authorization to apply for grant and to accept grant and, if awarded, to accept grant and provide matching funds.

Purpose: To acquire Deer Creek Corridor Parcels in Southeast Cook County

Grant Amount: \$1,150,000.00

Grant Period: Two (2) years from IDNR grant award date

Fiscal Impact: \$1,717,300.00 Forest Preserve Match Amount over a two (2) year period based on estimated total acquisition cost

Accounts: Real Estate Acquisition Funds 51006.52000

Concurrences:

The Chief Financial Officer has approved this item. Final grant agreement is subject to legal review and approval.

District(s): 5

Summary: The Forest Preserves proposes to apply for a Land and Water Conservation Fund ("LWCF") grant from the Illinois Department of Natural Resources ("IDNR") to acquire two (2) parcels, totaling 194 acres, located in Glenwood, Illinois. This part of Cook County has less protected public conservation land than other areas and seasonal flooding is a major concern for municipalities. These acquisitions would protect the Deer Creek floodplain, provide residents with open space and begin to advance the recently completed Southeast Cook County Land Acquisition Plan. The IDNR grant application process requires confirmation by the controlling body of the Forest Preserves of its commitment to completion of the project. If awarded the grant, the Forest Preserves would enter into a grant agreement with IDNR, subject to legal review and approval. The Forest Preserves is also seeking funding for the same project from an alternate IDNR OSLAD grant program which is the subject of a related board item (19-0373).
