MWBE participation goals are not applicable due to the contract value per year is below the \$25,000.00 threshold set by Ordinance.

**District(s):** Districtwide

**Summary:** The Forest Preserves would like to engage Quicket Solutions, Inc., to provide a Web-Based Evidence Management System including software, cloud-based infrastructure for computing, storage, maintenance, support, updates, and extensive training classes for the use of its system, to the Forest Preserves Department of Law Enforcement.

The Forest Preserves issued a Request for Proposals and received two (2) responses. The Forest Preserves determined that Quicket Solutions, Inc. was the most responsive and most cost-effective to provide the Department of Law Enforcement a Web-Based Evidence Management System. Services include training and support for approximately one-hundred seventeen (117) sworn law enforcement officers, sergeants and command staff and six (6) civilians. The services will allow sworn law enforcement officers to participate in a cloud-based infrastructure for computing and storage on scene from their police vehicles.
