Concurrences:

The Chief Financial Officer has approved this item. Final amendment is subject to legal review and approval.

District(s): Districtwide

Summary: The Forest Preserves is requesting to add \$300,000.00 in authority and extend the Chicago Conservation Leadership Corps program through the end of 2023. The proposed extension will allow for continuity of existing professional development programs funded directly by the Forest Preserves and avoid conflict with the simultaneous bidding and deployment of new Conservation Corps programs funded through the American Rescue Plan Act (ARPA). A Request for Proposals (RFP) for ARPA-funded programs is presently being let through the Forest Preserves' public solicitation process and proposed ARPA-funded programs are expected to be presented to the Forest Preserves Board of

Commissioners in the near future. The Forest Preserves then intends to issue a separate RFP seeking proposals for new, longer term Conservation Corps program opportunities which would be funded in-part through the Forest Preserves' annual budget starting in 2024.

Conservation Corps programs are part of the Next Century Conservation Plan and the Expansion Strategy for the Conservation Corps, which defines conservation corps as paid employment that mobilizes people who reflect the diversity of Cook County to maintain and restore the land to ecological health. The Chicago Conservation Leadership Corps is a paid summer employment program run in partnership with Friends of the Forest Preserves. The program engages approximately fifty (50) high school-aged youth, ten (10) adult leaders, and five (5) assistant field leaders annually in hands-on ecological restoration activities including invasive species control. The program is an intensive five (5) week summer internship that promotes stewardship of natural lands by the next generation of conservation leaders through ecologically based educational activities, conservation awareness, hands-on restoration and enjoyment of the forest preserves. The Chicago Conservation Leadership Corps program is administered by Friends of the Forest Preserves through a contract issued under RFP #17-31-117, which was originally approved by the Forest Preserves of Cook County Board of Commissioners on 11/14/2017 (Board Item No. 17-0386). Conservation Corps programs provide youth and young adult participants with paid environmental education and job skills training within the conservation field, with a focus on ecological restoration in the Forest Preserves.
